# Chairman's Statement

On behalf of the board (the "Board") of directors (the "Directors") of Tao Heung Holdings Limited (the "Company") together with its subsidiaries ("Tao Heung" or the "Group"), I hereby present the annual results of the Group for the year ended 31 December 2022.

Over the past year, the world witnessed the Russia-Ukraine war, worldwide logistics disruptions, widespread economic slowdown and the ongoing COVID pandemic. On top of such developments, Hong Kong and Mainland China had to further contend with strict social distancing measures, and for the latter, local travel restrictions, all of which directly affected consumer sentiment. Unsurprisingly, the Group continued to face stiff headwinds that directly impeded its performance. Still, with the easing of COVID restrictions and the reopening of borders by Mainland China, we believe that the worst is behind

us. As the operating environment improves, we will be ready to capture opportunities that emerge from the market recovery. Already, sales from our Hong Kong operations improved significantly in the second half year, and within the first two months of 2023 have reached approximately 80% of the pre-COVID level – an upward trajectory that we will seek to build on.

With the shadow of COVID finally receding, we regard the dynamic operating environment as beneficial to the Group. As family members meet once again, Chinese restaurants will be their preferred destinations. Similarly, travellers from abroad, whether for business or leisure, will choose Chinese restaurants to experience authentic local cuisine. In addition, 2023 is a good year for marriage, according to the Chinese calendar. As there had already been pent demand for wedding venues as well as various types of banquets during the pandemic period, the new year looks encouraging. The Group has already renovated a number of restaurants in both Hong Kong and Mainland China that will be able to cater for banquets and corporate dinners. Moreover, four new restaurants were opened in 2022 in Hong Kong, with another banquet-style restaurant just opened in early 2023. Although we halted our expansion activities in Mainland China in 2022 due to COVID-related control measures, we are cautiously optimistic about expansion in 2023. In

## Chairman's Statement

particular, we will be looking at opening new restaurants in cities that currently have a Tao Heung presence, though we will be open to tapping new cities and provinces as deemed appropriate. At the same time, our management team will consider employing different brands depending on location, customer segment and preferences.

Our chilled and packaged food business in Mainland China performed exceptionally well during the COVID period. While selling through social media platforms such as TikTok (抖音) via popular KOLs worked satisfactorily generating rising sales, direct selling by our own sales colleagues also proved effective. We have therefore decided to dedicate more promotion efforts in all these areas and invest more resources in developing this segment moving forward. As for the Hong Kong market, we were able to attract more reputable clients for our OEM business during the year. This has enabled us to expand our client portfolio to include convenience stores, fast food chains, supermarkets, F&B companies and hotels. To support the growth of our chilled and packaged food and OEM businesses, as well as recovery of our restaurant business, we will increase investment in both our Hong Kong and Mainland China logistics centres, with a focus on adopting more advanced automated equipment and implementing system enhancements. Our principle objectives will be to increase production capacity; expand product variety, and thus promote product diversification; and further raise efficiency and enhance cost controls.

As our business is inextricably linked with society, it is only appropriate that we contribute to its betterment. In Hong Kong, we have continued to sponsor the VTC Tao Miao Institute (“*稻苗學院*”), which is a joint establishment of the Vocational Training Council (“*VTC*”). Through the Institute, we have had a direct hand in supporting the local F&B industry, and just as significant, Chinese culinary culture. In Mainland China, we have been patronising the operation of the Dongguan Tao Heung Chinese Cuisine Culinary Vocational Training Institute (“*Training Institute*”) since 2021, to offer professional courses and recognitions for people interested in pursuing a culinary career.

While it is not our objective, we are nonetheless honoured to receive acknowledgement from different segments of the community, whether for our business, environmental or philanthropic pursuits. In 2022, we were pleased to receive the “*Green HK 2022*” award granted by the Green HK Advisory Committee. We were also tremendously grateful to be presented with the “*China Power Brand 2021*” award during the HKIM Market Leadership Award 2021, organised by the Hong Kong Institute of Marketing.

Although the past year was still highly challenging for the F&B industry, we believe that both the industry and the Group will enjoy better prospects in the future, as travel restrictions ease around the world and Mainland China further opens up. We would like to thank the Chinese Government and HKSAR Government for their unwavering support during the pandemic period. Through different forms of subsidies, as well as various health and social measures to protect the safety of our employees and customers, we have been able to weather an unprecedented storm.

### Appreciation

As we begin to take steps forward, I would like to express my appreciation to the management team and the entire Tao Heung family for all of their efforts. I wish to also convey my gratitude to our business partners, customers and shareholders for their firm support, which has been crucial in enabling us to overcome numerous obstacles in the recent past.

#### Chung Wai Ping

*Chairman and Chief Executive Officer*

# Management Discussion and Analysis

## Business Review

The Board hereby announces the annual results of the Group for the year ended 31 December 2022. During the year, the global economy was impacted by several developments including the Russia-Ukraine war, global logistics disruptions, interest rate hikes, inflation, and the ongoing COVID-19 pandemic. Among all of these developments, COVID-related health measures had the most severe impact on the Group's operations in Hong Kong and Mainland China. Dine-in controls, pandemic prevention measures, border closures, lockdowns and isolation orders led to its restaurants suspending operations for several months. In Hong Kong, these precautionary measures led to closure of an aggregate of 1,363 days for 41 shops, from mid-February to mid-April 2022. The operations in Hong Kong was improved in the second half year as compared to the first six months. As for Mainland China, the Group's restaurant operations did not perform well due to a surge in COVID-19 cases in the second half year. The government implemented more stringent measures resulting in suspended operations with an aggregate of 1,926 days for 49 shops, from March to December 2022. In response to the challenging business environment, the Group has implemented various strategies to, on the one hand, maintain top line sales through different promotion campaigns for the restaurant operation and extending reach of the chilled and packaged food business; and, on the other hand, continue consolidating internal operation to enhance efficiency and cost control measures.

Separately, the Hong Kong SAR Government has offered various subsidies during the year to support the industry through this difficult time, namely the 2022 Employment Support Scheme, and the fifth and sixth round of Anti-epidemic Fund – Catering Business Subsidy Scheme. In addition, the Group has also benefited from the training subsidies for employees staying on the job (一次性留工培訓補助), as well as other forms of subsidies from the Chinese government for its Mainland China operation. The Group has been actively managing its working capital to maintain a healthy cash position.

## Management Discussion and Analysis

### Financial Results

The Group recorded total revenue of HK\$2,401.8 million (2021: HK\$2,836.1 million), or a year-on-year decline of 15.3% for the year. Gross profit margin (defined as total revenue less cost of inventories sold divided by total revenue) hovered at 62.4% (2021: 64.4%). Loss attributable to owners of the parent amounted to HK\$143.1 million (2021: HK\$21.2 million).

### Hong Kong Operations

The Hong Kong operations generated HK\$1,307.6 million (2021: HK\$1,492.9 million) of revenue for the year, representing a year-on-year decline of 12.4%. Earnings before interest, tax, depreciation and amortisation (EBITDA) slipped by 11.9% year-on-year to HK\$182.1 million (2021: HK\$206.6 million), while loss attributable to owners of the parent totalled HK\$41.3 million (2021: HK\$42.2 million).

During the year, operating environment in Hong Kong remained difficult, yet the management stayed agile and vigilant, examining different ways to adapt to changes in market situations. Specifically, Tao Heung has continued to upgrade itself and enhance its operations. The Group focused on renovation and re-branding for its restaurant business. As for the OEM business, the Group was able to secure new clients including various F&B chain stores and hotels, on top of its existing clients, comprising supermarket, fast-food restaurants and convenient stores. The Group also invested in digitalisation to enhance customer experience and efficiency, including upgrading of the Group's customer relationship management system and mobile app for enabling members to buy and redeem e-coupons, earn points, receive updates, give feedbacks, order takeaway etc. On the product front, Tao Heung has continued to offer speciality and attractive promotions such as "one-dollar chicken", "one-dollar pigeon", "40% off dim sum", "special price seafood" and a nostalgic special hot-pot menu. Such offerings have received positive feedback from customers, especially during the second half year when dining-in services was gradually resumed in Hong Kong.

As at 31 December 2022, the Group had 45 (2021: 43) restaurants in Hong Kong. With the impact of the pandemic subsiding in the second half year, the Group proceeded with expanding its restaurant network. Four new restaurants of different brands were opened, comprising one "Chung's House (鍾菜館)" in Wanchai, which is a relatively new and premium brand targeting more affluent patrons; one "Hak Ka Hut (客家好棧)" in Jordan; one "Chao Inn (潮樓)" in Tsuen Wan; and one "Tao Heung Tea House (稻香茶居)" in Kwun Tong.

Tao Heung has always been prudent and mindful of controlling costs and enhancing efficiency. Over the years, automation has been a key focus for reducing labour cost and helping to relieve the labour shortage problem. To date, the Group has introduced seven robots across five restaurants in Hong Kong, mainly helping escort customers from the reception area to their tables and distributing food items. The Group intends to add more robots to its restaurants going forward. On the workforce front, the enhanced "Shop Manager Trainee Programme" continued, and is primarily focused on selecting elite staff members, training them to take up leadership roles as restaurant managers. Another talent training programme (精英專才培訓計劃) was introduced in the second half year, targeting colleagues from all echelons of restaurant, and is aimed at developing talent and improving the front line staff performance of the Group. Separately, rent has always been an ongoing concern, which is why the management has continued to discuss rent adjustments and better rental terms with landlords, resulting in greater stability in rental expenditures overall for the year. Obviously, another major concern for the Group is food cost. In this regard, it has continued to employ a flexible menu strategy, focusing on purchasing the best value-for-money ingredients and adopt bulk purchase strategy, to minimize the impact of rising food cost.

## Management Discussion and Analysis

With respect to the Tai Cheong bakeries operation, the Group operated a total of eight Tai Cheong bakeries in Hong Kong (2021: nine) and continued to have 12 bakeries in Singapore (2021: 12) as at 31 December 2022. In Hong Kong, the management continued to fine-tune its business model through implementing location-specific marketing strategies to boost sales, running different types of promotions at different bakery locations according to local customer preferences. For the Singapore market, performance has been satisfactory. Apart from traditional Tai Cheong products, the Singapore team has been introducing various local delights to suit the tastes and preferences of local residents. In view of the encouraging response, the Group is planning to develop more product choices for the Singapore market moving forward.

### Mainland China Operations

The Mainland China operations contributed HK\$1,094.2 million (2021: HK\$1,343.2 million) in revenue to the Group during the year, down 18.5% year-on-year. EBITDA contracted by 67.4% to HK\$68.3 million (2021: HK\$209.2 million). Furthermore, a loss attributable to owners of the parent of HK\$101.8 million (2021: profit of HK\$21.0 million) was recorded by the Group.

During the year, the operating environment in Mainland China was extremely poor for the majority of the time, especially from March to June and from October to December, and contributing to a decline in number of restaurants for the second consecutive year. Among the obstacles confronted by the Group included COVID-related control measures across the country, in major cities such as Shanghai, Guangdong province and Hubei province. Takeaway orders could not offset the loss in restaurant sales as deliveries were also banned in some major cities during such measures. The Group did introduce promotions and specialty products in the months when restaurant operations were permitted, such as “half-price dim sum” and “one-dollar pigeon”, seasonal dishes and traditional soup products (疫情滋補湯水). In addition, Tao Heung launched the dim sum buffet for the supper session during the second half year.

In terms of online sales, the Group continued to cooperate with various delivery platforms such Dianping.com (大眾點評), Meituan (美團) and ele.me (餓了麼). Apart from handling restaurant deliveries, some of these platforms have also been used to promote the Group’s restaurant dine-in sets and cash coupons since this year. On the other hand, chilled and packaged food products business have continued to make good progress in Mainland China through both online and offline sales channels. Having witnessed favourable response from marketing efforts on social media platforms such as TikTok (抖音) and XiaoHongShu (小紅書), the Group has decided to invest more resources in marketing through these channels. It is worth noting as well that satisfactory sales have been generated by both popular KOLs as well as the Group’s own sales team colleagues.

As at 31 December 2022, the Group had a total of 45 restaurants (2021: 49) and 12 Bakerz 180 stores (2021: 15) in Mainland China. In view of the border reopening and all COVID prevention measures now lifted in the country, the Group will focus on restaurant renovations and the upgrade of banquet venues to attract more patrons in the coming year. The Group will also dedicate greater resources to develop the banquet business as it believes that corporate dinners will increase now that foreign travellers can more readily enter the country with the lifting of COVID restrictions. The wedding business also looks set to flourish as 2023 is considered a good year for marriage.

### Peripheral Businesses

The chilled and packaged food segment performed encouragingly during the year, contributing approximately HK\$238.8 million (2021: HK\$233.5 million) in segment revenue and accounting for 9.9% of the Group’s (2021: 8.2%) total revenue. During the year, the group focused on expanding the diversity of clientele and sales channels. The Group has also worked closely with corporate clients as partners to collectively introduce new or different products to the market.

Although the Group’s self-owned supermarket business performed modestly, it was relatively better than the restaurant operation as customers still needed to go get groceries during the pandemic. The management is planning to consolidate the supermarket business to improve efficiency and profitability. This will include adjusting operation modes and upgrading internal systems to deliver better shopping experiences.

## Management Discussion and Analysis

### Financial resources and liquidity

As at 31 December 2022, the total assets decreased by 17.4% to approximately HK\$2,273.0 million (2021: approximately HK\$2,750.8 million) while the total equity decreased by 19.6% to approximately HK\$1,243.1 million (2021: approximately HK\$1,546.2 million). As at 31 December 2022, the Group's total current assets and current liabilities were approximately HK\$582.8 million (2021: approximately HK\$838.4 million) and approximately HK\$661.1 million (2021: approximately HK\$732.3 million), respectively, while the current ratio calculated by dividing the total current assets over the total current liabilities was approximately 0.9 (2021: approximately 1.1). Funding for the Group's operation was sourced mainly from internally generated cash flows, with flexibility through the use of bank loans. As at 31 December 2022, the Group had cash and cash equivalents amounted to approximately HK\$251.9 million (2021: approximately HK\$457.9 million). After deducting the total interest-bearing bank borrowings of approximately HK\$109.8 million (31 December 2021: approximately HK\$161.7 million), the Group had a net cash surplus position of approximately HK\$142.1 million (2021: approximately HK\$296.2 million). As at 31 December 2022, the Group's total interest-bearing bank borrowings were decreased to approximately HK\$109.8 million (2021: approximately HK\$161.7 million) during the period under review. The gearing ratio (defined as the total of interest-bearing bank borrowings divided by the total equity attributable to the owners of the Company) was decreased to approximately 9.0% (2021: 10.6%). The Group maintains prudent funding and treasury policies towards its overall business operations and continues to apply measure to control costs, enhance cash flow and operational efficiency.

### Capital expenditure

Capital expenditure for the year ended 31 December 2022 amounted to approximately HK\$99.1 million (2021: approximately HK\$122.9 million) and the capital commitments as at 31 December 2022 amounted to approximately HK\$2.9 million (2021: approximately HK\$11.8 million). The capital expenditure and the capital commitments were mainly for the renovation of the Group's new and existing restaurants and logistics centres.

### Contingent liabilities

As at 31 December 2022, the Group had contingent liabilities in respect of bank guarantees given in lieu of rental and utility deposits amounting to approximately HK\$33.8 million (2021: approximately HK\$23.7 million).

### Foreign exchange risk management

The Group's sales and purchases for the year ended 31 December 2022 were mostly denominated in Hong Kong Dollars ("HK\$") and Renminbi ("RMB").

The RMB is not a freely convertible currency. Future exchange rates of the RMB could vary significantly from the current or historical exchange rates as a result of the controls that could be imposed by the PRC government. The exchange rates may also be affected by economic developments and political changes domestically and internationally, and the demand and supply of the RMB. The appreciation or devaluation of the RMB against HK\$ may have impact on the Group results.

The Group currently does not maintain a foreign currency hedging policy. However, the management monitors the foreign exchange exposure and arranges foreign exchange forward contracts to minimise foreign currency exposure when appropriate.

## Management Discussion and Analysis

### Human resources

As at 31 December 2022, the Group had 5,221 employees. In order to attract and retain the high quality staff and to enable smooth operation within the Group, the Group offered competitive remuneration packages (with reference to market conditions and individual qualifications and experience) and various in-house training courses. The remuneration packages are subject to review on a regular basis. In addition, the Group also adopted share option schemes, where eligible employees are entitled to various share options to subscribe for the ordinary shares in the Company for their past and potential contribution to the growth of the Group. As at 31 December 2022, there are 7,970,000 outstanding options granted under the Share Option Scheme which have not been exercised yet.

### Pledge of assets

As at 31 December 2022, the Group pledged its bank deposits of approximately HK\$14.5 million (2021: approximately HK\$16.0 million), right-of-use assets of approximately HK\$46.9 million (2021: approximately HK\$47.7 million) and buildings of approximately HK\$29.1 million (2021: approximately HK\$30.2 million) and investment properties of approximately HK\$20.5 million (2021: approximately HK\$20.5 million) to secure the banking facilities granted to the Group.

### Prospects

Although the COVID-19 pandemic has brought immense challenges to the Group over the past few years, the management believes that the worst is now behind. It is cautiously optimistic about Tao Heung's overall business in 2023, and plans to expand the Group's footprint through restaurant openings in both Hong Kong and Mainland China.

In Hong Kong, given the popularity of "Chung's House" as well as other specialty brands such as "Hak Ka Hut" and "Chao Inn" in recent years, the Group will continue with its multi-brand strategy by opening more specialty brand outlets in suitable locations across the city. As the border is now open and business has almost returned to normal, plus expectations are high for more corporate dinners and wedding banquets in the future, the Group has established a new restaurant brand, "Grand Ballroom (潮囍薈)," in early January 2023. Located in The One in Tsim Sha Tsui, Grand Ballroom will mainly focus on the banquet business, offering venues for weddings, meetings and special events for up to 700 guests. Furthermore, more resources will also be dedicated to developing the OEM business, which has proven to have great potential for growth.

In Mainland China, the management will dedicate more resources to develop the social media marketing channels and cooperate with more popular KOLs, given their highly favourable influence on the Group's business. On offline front, with COVID-19 now over, the Group will once again increase efforts in developing its sales team for its chilled and packaged food products, to expand distribution network through reaching out to more supermarket chains. As for restaurant network expansion, with travel restrictions all lifted, the management plans to open new restaurants, both in cities currently where the Group has restaurants as well as in new cities and provinces that are deemed worth developing. Also, to drive growth, specifically for the chilled and packaged food business, the management is planning to upgrade the logistics centres in Hong Kong and Mainland China to support the segment's rapid development. The Group believes that the chilled and packaged food business has enormous potential, which can be realised through engaging different marketing channels and identifying different customer groups. The management will continue to expand its business reach to improve the segment's profitability.

Over the years, Tao Heung has been adhering to the "Three-High Quality Standard (三優)" across its operations, comprising "high-quality food production (優質出品)", "high-quality service (優質服務)" and "high-quality environment (優質環境)". Going forward, Tao Heung will continue to consolidate its business foundation, driving sales while working diligently to control costs in order to further strengthen its position as a leading Chinese culinary group in Hong Kong. With a diversified brand portfolio and commitment to offering quality food and services, the Group aims to satisfy demand from different customer segments and create long-term value for all shareholders.

# Directors and Senior Management

## Executive Directors

**Mr. Chung Wai Ping (“Mr. WP Chung”)**, BBS, MH, JP, aged 63, is an Executive Director and was appointed on 29 December 2005. Mr. WP Chung is the Chairman of our Board and Chief Executive Officer and one of our founders. Mr. WP Chung is primarily responsible for overall corporate strategies, planning and business development. Mr. WP Chung established our Group in 1991 and has over 50 years of experience in the Chinese restaurant industry. Mr. WP Chung started his career as an apprentice cook of a local restaurant in Hong Kong from 1975 and became the Sous Chef of the Garden Hotel, Guangzhou, China in 1985. In 1991, Mr. WP Chung co-founded the first Tao Heung Seafood Hotpot Restaurant in Hong Kong. Mr. WP Chung is currently the Emeritus Honorary President of the Chinese Cuisine Management Association, the President of Association of Restaurant Managers. Mr. WP Chung was given the VTC Honorary Fellow Awards and the VTC Honorary Degree of Doctorate in 2011 and 2014, respectively. Mr. WP Chung was also awarded a “Medal of Honour” by the HKSAR Government. Mr. WP Chung was appointed as Justice of Peace on 2017. Mr. WP Chung was awarded Bronze Bauhinia Star by the HKSARS Government on 2019. Mr. WP Chung is the father of Mr. CF Chung and Mr. Chung Ling Fung as well as the uncle of Mr. Chung Shing Tat. They are an Executive Director of the Board, Operations Director and Supply Chain Director of the Company, respectively.

**Mr. Wong Ka Wing**, aged 65, is an Executive Director and was appointed on 1 March 2007. Mr. Wong is one of our founders. Mr. Wong is primarily responsible for the overall operation of our Dongguan food processing and Logistics Centre. Mr. Wong has over 30 years of experience in the Chinese restaurant industry. Mr. Wong obtained a diploma in production and industry engineering from Hong Kong Polytechnic University.

**Mr. Ho Yuen Wah**, aged 61, is an Executive Director and was appointed on 1 March 2007. Mr. Ho is the Chief Operations Officer – China and is primarily responsible for management and development of restaurants chain in Mainland China. Mr. Ho joined the Group in December 1991 as restaurant manager and was promoted to be the Director of Business Management department in 2003. Mr. Ho has over 30 years of experience in the Chinese restaurant industry.

**Mr. Chung Chun Fung (“Mr. CF Chung”)**, aged 36 is an Executive Director and was appointed on 19 November 2019. Mr. Chung holds a Bachelor degree of Science (Honours) in psychology from Southampton University in the United Kingdom. Mr. Chung is the nephew of Mr. WP Chung, Chairman of the Board and Chief Executive Officer, the cousin of Mr. CF Chung and Chung Ling Fung, Executive Director of the board and Operations Director of the Company.

# Corporate Governance Report

## Compliance with Corporate Governance Code

The Board is committed to maintaining high standard of corporate governance practices to safeguard the interests of the Company's shareholders and to enhance corporate value and accountability. These can be achieved by an effective Board, segregation of duties with clear accountability, sound internal control, appropriate risk assessment procedures and transparency to all the shareholders.

During the year ended 31 December 2022, the Company has adopted the Corporate Governance Code (the "Code") as set out in Appendix 14 of the Rules Governing the Listing of Securities (the "Listing Rules") on The Stock Exchange of Hong Kong (the "Hong Kong Stock Exchange") and complied with all applicable code provisions of the Code, save and except for the deviation from the code provision C.2.1 of the Code. Under the code provision C.2.1, the roles of Chairman and Chief Executive Officer ("CEO") should be separate and should not be performed by the same individual. Currently, the Company does not comply with code provision C.2.1, i.e., the roles of the Chairman and CEO have not been separated. Considering that Mr. Chung Wai Ping has been operating and managing the Group since its incorporation, the Board believes that it is in the best interest of the Group to have Mr. Chung Wai Ping taking up both roles for effective management and business development. Therefore, the Board considers that the deviation from code provision C.2.1 is appropriate in such circumstance.

## Board of Directors

The Board is responsible for formulating overall strategic decision of the Company, setting objectives for the management, monitoring and controlling the performance of the management. The management of the Company implements the strategic decisions and deals with operational matters of the Group under the delegation and authority of the Board.

The Board has a balanced composition of Executive and Non-executive Directors to ensure independent viewpoints in all discussions. The Board currently comprises of ten directors, including four Executive Directors, two Non-executive Directors and four Independent Non-executive Directors. Board members are listed below:

### EXECUTIVE DIRECTORS:

Mr. Chung Wai Ping (*Chairman and Chief Executive Officer*)  
Mr. Wong Ka Wing  
Mr. Ho Yuen Wah  
Mr. Chung Chun Fung

### NON-EXECUTIVE DIRECTORS:

Mr. Fong Siu Kwong  
Mr. Chan Yue Kwong, Michael

### INDEPENDENT NON-EXECUTIVE DIRECTORS:

Professor Chan Chi Fai, Andrew  
Mr. Mak Hing Keung, Thomas  
Mr. Ng Yat Cheung  
Ms. Wong Fun Ching (*Appointed with effect from 1 January 2023*)

Biographical information of the Directors is set out on pages 12 to 14 of this annual report.

## Corporate Governance Report

The Company has renewed the service contract of each of the Non-executive Directors and Independent Non-executive Directors for a term of three years commencing from 29 June 2022 or from 29 June 2023, unless terminated by either party giving to other not less than three months' prior notice in writing.

Exceed one-third of the Board member is made up of Independent Non-executive Directors, one of whom has appropriate professional qualifications, or accounting or related financial management expertise, as required by the Listing Rules.

Each of the Independent Non-executive Directors has given an annual confirmation of independence to the Company pursuant to Rule 3.13 of the Listing Rules. The Company is of the view that all Independent Non-executive Directors meet the independence guideline set out in Rule 3.13 of the Listing Rules and are independent in accordance with the terms of the guidelines.

### The Chairman and Chief Executive Officer

During the year ended 31 December 2022, the Company has adopted the Corporate Governance Code (the "Code") as set out in Appendix 14 of the Rules Governing the Listing of Securities (the "Listing Rules") on the Stock Exchange of Hong Kong (the "Hong Kong Stock Exchange") and complied with all applicable code provisions under the Code, save and except for the deviation from the code provision C.2.1 of the Code. Under the code provision C.2.1, the roles of Chairman and Chief Executive Officer ("CEO") should be separate and should not be performed by the same individual. Currently, the Company does not comply with code provision C.2.1, i.e., the roles of the Chairman and CEO have not been separated. Considering that Mr. Chung Wai Ping has been operating and managing the Group since its incorporation, the Board believes that it is in the best interest of the Group to have Mr. Chung Wai Ping taking up both roles for effective management and business development. Therefore, the Board considers that the deviation from code provision C.2.1 is appropriate in such circumstance.

### Board Diversity

The Company recognises that increasing diversity at the Board level will support the attainment of the Company's strategic objectives and sustainable development. The Board has adopted a Board Diversity Policy which sets out the approach to achieve and maintain diversity on the Board.

Pursuant to the Board Diversity Policy, the Company seeks to achieve Board diversity through the consideration of a number of factors, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and other qualities. The Company also takes into consideration its own business model and specific needs from time to time in determining the optimal composition of the Board.

Measurable objectives based on four focus areas: gender, ethnicity, age, length of service were considered. Such objectives will be reviewed from time to time to ensure their appropriateness and the progress made towards achieving those objectives will be ascertained. Nomination Committee will review the Board Diversity Policy, as appropriate, to ensure its continued effectiveness from time to time.

## Corporate Governance Report

The Board Diversity Policy is available on the website of the Company for public information. As at 31 December 2022, the following is a chart showing the diversity profile of the Board:

### Induction and Development of Directors

On appointment to the Board, Directors receive a package of orientation materials on the Group and provided with a comprehensive induction on the business operations and practices of the Group, as well as the general and specific duties of directors under general law and the Listing Rules.

To assist Directors’ continuing professional development, details on legal and regulatory changes are provided to all Directors. Directors are also recommended and encouraged to attend forums or seminars relating to the rules, functions and duties of a listed company director.

According to the information provided by the Directors, they have read seminar materials and updates relating to the latest development of the Listing Rules and other applicable regulatory requirements for the year ended 31 December 2022.

### Board Committees

To facilitate the work of the Board, Board committees have been set up with written terms of reference which clearly define the role, authority and functions of each committee. Each Board committee is required to report their decisions or recommendations to the Board. Details of Directors’ attendances at the Board committee meetings are shown on above.

## Corporate Governance Report

The composition, role and function and summary of work done of each Board committee are set out below:

### Audit Committee

#### COMPOSITION

The Company established the Audit Committee on 9 June 2007 with written terms of reference in compliance with the Code on Corporate Governance Practices as set out in Appendix 14 to the Listing Rules. The primary duties of the Audit Committee include the review and supervision of the financial reporting processes, the internal control systems and licensing issues of the Group. Currently, Mr. Mak Hing Keung, Thomas, Professor Chan Chi Fai, Andrew, and Ms. Wong Fun Ching, all being Independent Non-Executive Directors, and Mr. Chan Yue Kwong, Michael, a Non-Executive Director are members of the Audit Committee with Mr. Mak Hing Keung, Thomas, being the chairman.

#### ROLE AND FUNCTION

The primary duties of the Audit Committee include reviewing the financial statements of the Company, reviewing the Company's financial reporting process, internal control and risk management system and review of the remuneration and terms of engagement of external auditors.

#### SUMMARY OF WORK DONE

Two meetings of the Audit Committee were held during the year ended 31 December 2022.

The following is a summary of the work performed by the Audit Committee:

1. Review external auditor's management letter and management response;
2. Review the interim and annual reports before submission to the Board for approval; and
3. Review the progress and effectiveness of the Group's internal control and risk management.

### Nomination Committee

#### COMPOSITION

The Company established the Nomination Committee on 9 June 2007 with written terms of reference in compliance with the Code on Corporate Governance Practices as set out in Appendix 14 to the Listing Rules. The Nomination Committee has three members comprising Professor Chan Chi Fai, Andrew, Mr. Ng Yat Cheung, being Independent Non-Executive Directors and Mr. Chan Yue Kwong, Michael, a Non-Executive Director. The chairman of the Nomination Committee is Professor Chan Chi Fai, Andrew.

#### ROLE AND FUNCTION

The Nomination Committee is mainly responsible for making recommendations to the Board on the appointment of Directors and the management of the Board succession.

#### SUMMARY OF WORK DONE

One meeting of the Nomination Committee was held during the year ended 31 December 2022.

The Nomination Committee has reviewed made recommendation on the re-election of the directors to be proposed for shareholders' approval at the annual general meeting on 1 June 2023.

## Corporate Governance Report

### Remuneration Committee

#### COMPOSITION

The Company established the Remuneration Committee on 9 June 2007 with written terms of reference in compliance with the Code on Corporate Governance Practices as set out in Appendix 14 to the Listing Rules. The Remuneration Committee has three members comprising Mr. Ng Yat Cheung, and Mr. Mak Hing Keung, Thomas, being Independent Non-Executive Directors and Mr. Fong Siu Kwong, a Non-Executive Director. The Remuneration Committee is currently chaired by Mr. Ng Yat Cheung.

#### ROLE AND FUNCTION

The primary duties of the Remuneration Committee include making recommendations to the Board on the policy and structure of the company for all remuneration of Directors and on the establishment of a formal and transparent procedure for developing policy on such remuneration, determining the specific remuneration package of all Executive Directors, including without limitation – base salaries, share options and benefits in kind, incentive payments and making recommendations to the Board on the remuneration of Non-Executive Directors and Independent Non-Executive Directors.

#### SUMMARY OF WORK DONE

One meeting of the Remuneration Committee was held during the year ended 31 December 2022.

The Remuneration Committee has reviewed the current salaries and benefits (including discretionary bonus and incentive scheme) of all Executive Directors and fees of all Non-Executive Directors and Independent Non-Executive Directors.

### Board and Board Committee Meetings

Regular Board and Board Committee meetings are scheduled a year ahead to facilitate maximum attendance by the Directors. Formal notices of at least 14 clear calendar days are given in respect of regular meetings and arrangement is in place to invite Directors to include matters in the agenda. For special Board or Board Committee meetings, reasonable notices are given.

Agenda of the meetings and the accompanying papers for regular Board and Board Committee meetings are sent in full to Directors at least three clear calendar days before the date of the meetings.

Minutes of Board and Board Committee meetings record in sufficient details the matter considered and decision reached, including any concern raised by Directors or dissenting views expressed. Drafts and final versions of minutes are sent to all Directors for comments within a reasonable time after the meetings and kept by the Company Secretary.

## Corporate Governance Report

During the year, the Board held four regular meetings at approximately quarterly intervals. Director's attendance of the Board Meetings and Board Committee Meetings during the year ended 31 December 2022 are set out below:

Meetings attended during the year ended 31 December 2022

Mr. Chung Chun Fung	4/4	N/A	N/A	N/A
Non-executive Directors:				
Mr. Fong Siu Kwong	4/4	N/A	1/1	N/A
Mr. Chan Yue Kwong, Michael	4/4	2/2	N/A	1/1
Independent Non-executive Directors:				
Professor Chan Chi Fai, Andrew	4/4	2/2	N/A	1/1
Mr. Mak Hing Keung, Thomas	4/4	2/2	1/1	N/A
Mr. Ng Yat Cheung	4/4	N/A	1/1	1/1

## Accountability and Audit

### FINANCIAL REPORTING

The Directors understand and acknowledge their responsibility for making sure that the financial statements for each financial year are prepared to reflect the true and fair view of the state of affairs, results and cash flow of the Group and in compliance with relevant law and disclosure provisions of the Listing Rules. In preparing the financial statements for the year ended 31 December 2022, the Directors have selected appropriate accounting policies and applied them consistently; made judgements and estimates that are prudent and reasonable, and have prepared the financial statements on a going concern basis. The Directors also ensure that the financial statements of the Group are published in a timely manner.

## Corporate Governance Report

### EXTERNAL AUDITORS

The Group appointed Ernst & Young as the Group's principal auditors. The acknowledgement of their responsibilities on the financial statements is set out the Independent Auditor's Report on pages 33 to 37 of this annual report.

The remuneration paid to Ernst & Young, and its affiliated firms, for services rendered in respect of the year ended 31 December 2022 is as follows:

	2022 HK\$'000	2021 HK\$'000
Audit fee		
– provision for the year	3,300	3,300
Non-audit service fees	244	244
<b>Total</b>	<b>3,544</b>	3,544

Non-audit services are agreed upon procedures.

### RISK MANAGEMENT AND INTERNAL CONTROLS

Maintaining sound risk management and internal control system is pivotal to the fulfillment of the Group's business objectives and its long term sustainable growth. The Board has an overall responsibility for evaluating and determining the nature and extent of the risk according to the Board's risk appetite in achieving the Group's strategic objectives, ensuring that the Company establishes and maintains appropriate and effective risk management and internal control systems to safeguard shareholders' interests and the Group's assets. To this end, the Board continuously reviews and makes improvements in its risk management and internal control systems.

The Audit Committee, delegated by the Board, provides oversight and review on the risk management, financial reporting and internal control system.

The Company's internal Audit team, is an independent function reporting directly to the Audit Committee. It provides independent, objective, assurance on the risk management and internal control.

### Code for Securities Transactions

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set forth in Appendix 10 of the Listing Rules as its own code of conduct for dealing in securities by the Directors of the Company. Based on specific enquiry with Directors, all Directors have confirmed that they had complied with the required standards as set forth in the Model Code during the year ended 31 December 2022.

### Company Secretary

Ms. Cheung Kin Man, our Company Secretary is responsible for advising the Board on corporate governance matters and ensuring that the Board policy and procedures, and the applicable laws, rules and regulations are followed.

During the year ended 31 December 2022, Ms. Cheung has undertaken over 15 hours of relevant professional training.

## Corporate Governance Report

### Communication with Shareholders and Shareholder's Rights

#### SHAREHOLDERS' MEETING

At the last annual general meeting of the Company held on 2 June 2022, the Chairman of the Board and all other Board members, including Chairman and representatives of the Board Committees as well as Senior management and the external auditor were present to communicate with Shareholders. Procedures for the poll voting on the proposed resolutions were explained at the meeting by the Chairman. The Company's Hong Kong branch share registrar, Computershare Hong Kong Investor Services Limited, acted as scrutineer to ensure the votes were properly counted and the poll results of the meeting were published on both the websites of the Company and the Hong Kong Stock Exchange.

#### SHAREHOLDER'S RIGHTS

Subject to the applicable laws and regulations, the Listing Rules and the Byelaws, Shareholders may convene general meetings of the Company and put forward proposals at general meetings. The procedures for Shareholders to convene a special general meeting, put forward proposals at Shareholders' meetings and propose a person for election as director of the Company are available on the website of the Company at [www.taoheung.com.hk](http://www.taoheung.com.hk).

Shareholders may also send their enquiries and concern to the Board by addressing them to the Company Secretary of the Company at the Company's head office. Shareholders can also make enquires to the Board directly at general meetings.

#### Investor Relations

To enhance transparency and effectively communicate with the investment community, the Executive Directors and senior management of the Company actively maintains close communications with various institutional investors, financial analysts and financial media by convening road shows and investors' conferences during the year. Investors are welcome to share their views with the Board by writing to the Company at its Hong Kong head office or sending enquiries to the Company's website at [www.taoheung.com.hk](http://www.taoheung.com.hk). Investors and shareholders are welcome to review the Company's recent announcements at the Company's website at [www.taoheung.com.hk](http://www.taoheung.com.hk).

# Report of the Directors

The Board is pleased to present their annual report together with the audited consolidated financial statements of Tao Heung Holdings Limited (the "Company") and its subsidiaries ("Tao Heung" or the "Group") for the year ended 31 December 2022.

## Principal Activities

The principal activity of the Company is investment holding. The Group is principally involved in the restaurant and bakery operations, provision of food catering services, production, sale and distribution of food products and other items related to restaurant operations and poultry farm operations in Hong Kong and Mainland China. The principal activities of the principal subsidiaries are set out in note 1 to the financial statements.

## Business Review

Further discussion and analysis of principal activities as required by Schedule 5 to the Hong Kong Companies Ordinance, including a description of the principal risks and uncertainties facing the Group and an indication of likely future development in the Group's business, can be found in the Management Discussion and Analysis set out on pages 7 to 11 of this annual report. This discussion forms part of this directors' report.

In light of the Environmental, Social and Governance Reporting Guide as set out in Appendix 27 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Stock Exchange"), a separate Environmental, Social and Governance Report will be published in due course.

## Compliance with Laws and Regulations

As far as the Board is aware, the Group has complied in material respects with the relevant laws and regulations that have a significant impact on the business and operation of the Group. During the year, there was no material breach of or non-compliance with the applicable laws and regulations by the Group.

The Group understands the importance of maintaining a good relationship with its suppliers, customers and other stakeholders to meet its immediate and long-term goals. During the year, there was no material and significant dispute between the Group and its suppliers, customers and/or other stakeholders.

## Results and Dividends

The Group's profit for the year ended 31 December 2022 and the Group's financial position at that date are set out in the financial statements on pages 38 to 41.

The Board has recommended the payment of a final dividend of HK3.00 cents per ordinary share, totaling approximately HK\$30,430,000 in respect of the year ended 31 December 2022 to shareholders on the register of members on 7 June 2023. The proposed final dividend is subject to approval by Shareholders of the Company at the forthcoming annual general meeting to be held on 1 June 2023 ("AGM"). Details of dividends for the year ended 31 December 2022 are set out in note 11 to the financial statements.

## Report of the Directors

### Closure of Register of Members

The register of members of the Company will be closed during the following periods:

- (i) From Thursday, 25 May 2023 to Thursday, 1 June 2023, both days inclusive, for the purpose of ascertaining shareholders' entitlements to attend and vote at the 2022 Annual General Meeting. In order to be eligible to attend and vote at the 2022 Annual General Meeting, all transfer documents accompanied by the relevant share certificates must be lodged for registration with the Company's branch share registrar in Hong Kong, Computershare Hong Kong Investor Services Limited, at Shops 1712-1716 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong for registration not later than 4:30 p.m. on Wednesday, 24 May 2023; and
- (ii) On Thursday, 8 June 2023, for the purpose of ascertaining shareholders' entitlements to the proposed final dividend. In order to establish the entitlements to the proposed final dividend, all transfer documents accompanied by the relevant share certificates must be lodged for registration with the Company's branch share registrar in Hong Kong, Computershare Hong Kong Investor Services Limited, at Shops 1712-1716 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong for registration not later than 4:30 p.m. on Wednesday, 7 June 2023.

During the periods mentioned in sub-paragraphs (i) and (ii) above, no transfer of shares will be registered.

### Five-Year Financial Summary

A summary of the published results and assets, liabilities and non-controlling interests of the Group for the last five years, as extracted from the audited financial statements and restated/reclassified as appropriate, is set out on page 120. This summary does not form part of the audited financial statements.

### Issued Capital and Share Options

Details of movements in the Company's issued capital and share options during the year are set out in notes 27 and 28 to the financial statements, respectively.

### Pre-Emptive Rights

There are no provisions for pre-emptive rights under the Company's articles of association or the laws of the Cayman Islands which would oblige the Company to offer new shares on a pro-rata basis to existing shareholders.

## Report of the Directors

### Purchase, Redemption or Sale of Listed Securities of the Company

Neither the Company, nor any of its subsidiaries purchased, redeemed or sold any of the Company's listed securities during the year.

### Share Option Schemes

#### (A) SHARE OPTION SCHEME

Pursuant to a share option scheme adopted by the Company on 9 June 2007 (the "Share Option Scheme"), 20,130,000 options have been granted and accepted by eligible directors, senior management and employees of the Group to subscribe for ordinary shares in the Company subject to the terms and conditions stipulated under the Share Option Scheme. No options were exercised during the year under review. 910,000 options were forfeited upon the termination of employment during the year under review. Share options granted under the Share Option Scheme shall vest in 2 tranches, as to 50% and 50% on 1 December 2017 and 1 December 2018, respectively, subject to the fulfilment of certain vesting conditions and are exercisable at HK\$2.08 per share and the holders of the said share options may exercise the share options during the period from 2 December 2017 to 1 December 2026, both days inclusive.

Share Option Scheme expired on 8 June 2017 and no further options could be granted under the Share Option Scheme thereafter. However, the share options granted under the Share Option Scheme which have not been fully exercised remain valid until such time when such share options are fully exercised or have lapsed and will continue to be administered under the rules of the Share Option Scheme.

## Report of the Directors

Details of the share options outstanding as at 31 December 2022 which have been granted under the Share Option Scheme are as follows:

Name	Date of grant	Number of options					Options outstanding at 31 December 2022
		Options outstanding at 1 January 2022	Granted during the year	Options exercised during the year	Options lapsed on expiry	Options forfeited upon termination of employment	
<b>Executive Directors</b>							
Mr. Ho Yuen Wah	2 December 2016	400,000	-	-	-	-	400,000
<b>Connected Person</b>							
Mr. Chung Wai Leung	2 December 2016	300,000	-	-	-	-	300,000
<b>Other employees</b>							
	2 December 2016	8,180,000	-	-	-	(910,000)	7,270,000
Total		8,880,000	-	-	-	(910,000)	7,970,000

### (B) 2017 SHARE OPTION SCHEME

On 25 May 2017, the Company adopted a new share option scheme (the "2017 Share Option Scheme"). Pursuant to the 2017 Share Option Scheme, the Directors may invite participants to take up options at a price determined by the Board of Directors but in any event shall not be less than the highest of (i) the closing price of the shares as stated in the daily quotations sheets issued by the Stock Exchange on the date of grant which must be a business day; (ii) the average closing price of the shares as stated in the daily quotations sheets issued by the Stock Exchange for the five business days immediately preceding the date of grant; and (iii) the nominal value of the shares. The option may be exercised in accordance with the terms of the 2017 Share Option Scheme at any time during the option period which may be determined and notified by the Board to the grantee at the time of making an offer which shall not expire later than 10 years from the grant date. As at the date of this report, no options have been granted or agreed to be granted pursuant to the 2017 Share Option Scheme.

### Distributable Reserves

At 31 December 2022, the Company's reserves available for distribution, calculated in accordance with the Companies Law, Cap 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands, amounted to HK\$837,533,000 of which HK\$30,430,000 has been proposed as a final dividend for the year. In addition, the amount of HK\$752,378,000 included the Company's share premium account and other reserves which may be distributable provided that immediately following the date on which the dividend is proposed to be distributed, the Company will be in a position to pay off debts as and when they fall due in the ordinary course of business.

## Report of the Directors

### Charitable Contributions

During the year, the Group made charitable contributions totaling HK\$1,038,000.

### Major Customers and Suppliers

For the year ended 31 December 2022, the percentage of total sales attributable to the Group's five largest customers was less than 30% while the five largest suppliers and the single largest supplier of the Group accounted for approximately 21.43% and 10.03% of the total purchases of the Group, respectively.

None of the directors of the Company or any of their associates or any shareholders (which, to the best knowledge of the directors, own more than 5% of the Company's issued share capital) had any beneficial interest in the Group's five largest suppliers or customers.

### Directors

The directors of the Company during the year and up to date of this report were:

#### EXECUTIVE DIRECTORS:

Mr. Chung Wai Ping (*Chairman and Chief Executive Officer*)  
Mr. Wong Ka Wing  
Mr. Ho Yuen Wah  
Mr. Chung Chun Fung

#### NON-EXECUTIVE DIRECTORS:

Mr. Fong Siu Kwong  
Mr. Chan Yue Kwong, Michael

#### INDEPENDENT NON-EXECUTIVE DIRECTORS:

Professor Chan Chi Fai, Andrew  
Mr. Mak Hing Keung, Thomas  
Mr. Ng Yat Cheung  
Ms. Wong Fun Ching (Appointed with effect from 1 January 2023)

Pursuant to article 87(1) of the Company's articles of association, the following Executive Directors Mr. Chung Wai Ping and Mr. Chung Chun Fung, Non-executive director Mr. Fong Siu Kwong and the following Independent Non-Executive directors Mr. Mak Hing Keung, Thomas and Ms. Wong Fun Ching will retire by rotation and, being eligible, will offer themselves for re-election at the forthcoming annual general meeting. The Non-executive Directors and Independent Non-executive Directors are appointed for periods of three years.

The Company has received annual confirmations of independence from Professor Chan Chi Fai, Andrew, Mr. Mak Hing Keung, Thomas, Mr. Ng Yat Cheung and Ms. Wong Fun Ching and as at the date of this report still considers them to be independent.

## Report of the Directors

### PERMITTED INDEMNITY PROVISION

Pursuant to the articles of association of the Company, the applicable laws and regulations, every Director shall be indemnified and secured harmless out of the assets and profits of the Company against all actions, costs, charges, losses, damages and expenses which they or any of them may incur or sustain in the execution of their duties in their offices. Such permitted indemnity provision has been in force throughout the year. The Company has arranged appropriate Directors' liability insurance coverage for the Directors of the Group.

### Directors' Service Contracts

None of the Directors who are proposed for re-election at the AGM has a service contract with the Company which is not determinable by the Company within one year without payment of compensation, other than statutory compensation.

### Directors' Remuneration

Details of the Directors' and senior management's emoluments and the five highest paid individuals in the Group are set out in notes 8 and 9 to the financial statements respectively. The emoluments of the Directors of the Company are decided by the Remuneration Committee, having regard to the Company's operating results, individual performance and prevailing market conditions.

### Directors' Interests in Transactions, Arrangements or Contracts

Saved as disclosed under the section headed "Connected Transactions" on page 31 of the annual report, no director nor a connected entity of a director had a material interest, either directly or indirectly, in any transactions, arrangements or contracts of significance to the business of the Group and the Company to which the holding company of the Company, or any of the Company's subsidiaries or fellow subsidiaries was a party during the year.

### Directors' Interests in Competing Business

None of the directors of the Company is interested in any business apart from the Group's businesses which competes or is likely to compete, either directly or indirectly, with the businesses of the Group during the year or at 31 December 2022.

## Report of the Directors

### Directors and Chief Executives' Interests and Short Positions in Shares and Underlying Shares

As at 31 December 2022, the interests and short positions of the directors in the share capital and underlying shares and debentures of the Company or any of its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance ("SFO")), as recorded in the register required to be kept by the Company pursuant to section 352 of the SFO, or as otherwise notified to the Company and the Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers ("Model Code") were as follows:

Long positions in ordinary shares of the Company:

Name of Directors	Notes	Number of shares held, capacity and nature of interest					Total	Percentage of the Company's share capital
		Directly beneficially owned	Through spouse or minor children	Through controlled corporation	Beneficiary of a trust	Equity derivatives		
<b>Executive Directors</b>								
Mr. Chung Wai Ping	(a) and (b)	4,025,000	12,174,222	-	423,434,689	-	439,633,911	43.34
Mr. Wong Ka Wing	(c)	5,522,679	-	103,283,124	-	-	108,805,803	10.73
Mr. Ho Yuen Wah	(d)	2,000,000	-	-	-	400,000	2,400,000	0.24
Mr. Chung Chun Fung		3,000,000	-	-	-	-	3,000,000	0.30
<b>Non-executive Director</b>								
Mr. Fong Siu Kwong		180,000	-	-	-	-	180,000	0.02

Notes:

- Billion Era International Limited is wholly-owned by Tin Tao Investments Limited ("Tin Tao") which in turn is wholly-owned by Sapphire Skye Holdings Limited ("Sapphire"). Sapphire is holding the shares in Tin Tao as nominee for Zedra Trustees (Singapore) Limited ("Zedra Trustee") as trustees for a discretionary trust, the discretionary objects of which include Mr. Chung Wai Ping and certain members of his family. For the purposes of the SFO, Mr. Chung is the settlor of this trust.
- 12,174,222 shares were held by Ms. Chan Sai Ying, spouse of Mr. Chung Wai Ping.
- Of these shares, 5,522,679 shares were held by Mr. Wong Ka Wing personally and 103,283,124 shares were held by Joy Mount Investments Limited, which is wholly-owned by Mr. Wong Ka Wing.
- These represented outstanding options granted to Directors under the Share Option Scheme to subscribe for shares of the Company, further details of which are set forth under the section headed "Share Option Schemes" to this report.

Save as disclosed above, as at 31 December 2022, none of the directors and chief executive had registered an interest or short position in the shares, underlying shares or debentures of the Company or any of its associated corporations that was required to be recorded pursuant to section 352 of the SFO, or as otherwise notified to the Company and the Stock Exchange pursuant to the Model Code.

## Report of the Directors

### Substantial Shareholders' Interests and Short Positions in Shares and Underlying Shares

As at 31 December 2022, the interests and short positions of every person, other than Directors or chief executive of the Company, in the shares and underlying shares of the Company, being 5% or more of the Company's issued share capital, as recorded in the register kept by the Company under Section 336 of the SFO were as follows:

Name of Shareholder	Notes	Number of ordinary shares (long position)			% of total issued shares
		Directly beneficially owned	Through controlled corporation	Total	
Billion Era International Limited	(a)	423,434,689	–	423,434,689	41.74
Tin Tao Investments Limited	(a)	–	423,434,689	423,434,689	41.74
Sapphire Skye Holdings Limited	(a)	–	423,434,689	423,434,689	41.74
Zedra Trust Company (Singapore) Limited	(a)	–	423,434,689	423,434,689	41.74
Joy Mount Investments Limited	(b)	103,283,124	–	103,283,124	10.18
Perfect Plan International Limited	(c)	102,053,976	–	102,053,976	10.06
Whole Gain Holdings Limited		56,795,068	–	56,795,068	5.60

Notes:

- (a) Billion Era International Limited is wholly-owned by Tin Tao Investments Limited ("Tin Tao") which in turn is wholly-owned by Sapphire Skye Holdings Limited ("Sapphire"). Sapphire is holding the shares in Tin Tao as nominee for Zedra Trust Company (Singapore) Limited ("Zedra Trust") as trustees for a discretionary trust, the discretionary objects of which include Mr. Chung Wai Ping and certain members of his family. For the purposes of the SFO, Mr. Chung is the settlor of this trust.
- (b) These shares were wholly-owned by Joy Mount Investments Limited, which is beneficially owned by Mr. Wong Ka Wing.
- (c) These shares were wholly-owned by Perfect Plan International Limited, which is an indirect wholly owned subsidiary of Cafe de Coral Holdings Limited whose shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited.

Save as disclosed above, as at 31 December 2022, no person, other than the Directors and chief executive of the Company, whose interests are set out in the section "Directors' Interests and Short Positions in Shares and Underlying Shares" above, had registered an interest or short position in the shares or underlying shares of the Company that was required to be recorded pursuant to section 336 of the SFO.

### Directors' Rights to Acquire Shares or Debentures

Save as disclosed above and in the share option scheme disclosed in note 28 to the financial statements, at no time during the year was the Company or any of its subsidiaries, a party to any arrangement to enable the Directors or the spouse or children under 18 years of age to acquired benefits by means of the acquisition of shares in, or debentures of the Company, or any other body corporate.

## Report of the Directors

### Connected Transactions

The Group had the following continuing connected and connected transactions with connected parties during the year:

	Note	2022 HK\$'000	2021 HK\$'000
<b>Continuing connected transaction</b>			
Legal fee to a related party	(i)	669	674
<b>Connected transactions</b>			
Lease payment to a related party	(ii)	6,716	–
Management fee to a related party	(ii)	4,685	–

Notes:

- (i) The legal fee to a related party, Howell & Co., a partnership of which Mr. Fong Siu Kwong, a Non-executive Director of the Company is a partner, was charged based on mutually agreed terms.
- (ii) The lease payment and management fee to a related party, Dongguan Tian Yao Property Management Limited ("Dongguan Tian Yao"), a Company of which Mr. Chung Chun Fung, an executive Director of the Company, is holding 35.15% of the issue shares, was charged based on mutually agreed terms.

These transactions are exempt from the reporting, announcement or independent shareholders' approval requirements under Rule 14A.76 of the Listing Rules and the details of the transactions are included herein for information only.

On 5 June 2022, the Company, as tenant, and Dongguan Tian Yao, as landlord, entered into the Master Tenancy Agreement in respect of the Premises for a term of two years commencing on 6 June 2022 and expiring on 5 June 2024 (both days inclusive). As at the date of this announcement, 35.15% of the issue shares of the Landlord is held by Mr Chung Chun Fung, who is also a Director of the Tenant of which 43.176% of the issued share capital is held by Billion Era International Limited which is wholly owned by Tin Tao Investment Limited ("Tin Tao") which is in turn wholly owned by Sapphire Skye Holdings Limited ("Sapphire"). Sapphire is holding the shares in Tin Tao as nominee for Zedra Trust Company (Singapore) Limited ("Zedra Trust") which is a trustee for a discretionary trust, the discretionary objects of which include Mr Chung Wai Ping and certain members of his family and Mr Chung Chun Fung is one of the sons of Mr Chung Wai Ping who, for the purpose of the Securities and Future Ordinance, is the settlor of the discretionary trust. Hence, Dongguan Tian Yao is a connected person of the Company pursuant to Rule 14A.07 of the Listing Rules, and the tenancy as contemplated under the Master Tenancy Agreement constitute connected transaction for the Company under Chapter 14A of the Listing Rules.

Details of the tenancy agreement with Dongguan Tian Yao are set out in the announcement of the Company dated 5 June 2022.

### Sufficiency of Public Float

Based on information that is publicly available to the Company and within the knowledge of the directors, at least 25% of the Company's total number of issued shares were held by the public as at the date of this report.

## Report of the Directors

### Auditor

Ernst & Young retire and a resolution for their reappointment as auditor of the Company will be proposed at the forthcoming annual general meeting.

ON BEHALF OF THE BOARD

#### **Chung Wai Ping**

# Independent Auditor's Report

## To the shareholders of Tao Heung Holdings Limited

(Incorporated in the Cayman Islands with limited liability)

### Opinion

We have audited the consolidated financial statements of Tao Heung Holdings Limited (the "Company") and its subsidiaries (the "Group") set out on pages 38 to 118, which comprise the consolidated statement of financial position as at 31 December 2022, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

## Independent Auditor's Report

### Key Audit Matters (continued)

Key audit matter	How our audit addressed the key audit matter
<p><b><i>Impairment of property, plant and equipment and right-of-use assets</i></b></p> <p>The Group's management performed impairment assessment of property, plant and equipment and right-of-use assets for identified restaurants and shops that continued to underperform by estimating the recoverable amounts of the relevant cash-generating units based on value in use calculations. Impairment of approximately HK\$5.4 million and HK\$9.2 million have been recorded during the year to reduce the carrying amounts of certain property, plant and equipment and right-of-use assets of approximately HK\$26.1 million and HK\$42.7 million, respectively, to their estimated recoverable amounts.</p> <p>Significant judgements and estimates were involved in the assessment of the recoverable amounts of the property, plant and equipment and right-of-use assets of those restaurants and shops, including assumptions on the budgeted revenue and gross margin of respective restaurants and shops and discount rates.</p> <p>Relevant disclosures of impairment assessment of property, plant and equipment and right-of-use assets are set out in notes 2.4, 3, 13 and 14 to the financial statements.</p> <p><b><i>Recognition of deferred tax assets</i></b></p> <p>As at 31 December 2022, the Group recognised deferred tax assets of approximately HK\$141.4 million. Recognition of deferred tax assets is made to the extent that it is probable that future taxable profits will be available against which the deferred tax assets can be utilised. Significant management judgement is involved to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies.</p> <p>Relevant disclosures of deferred tax assets are set out in notes 2.4, 3 and 19 to the financial statements.</p>	<p>In evaluating management's impairment assessment, we tested the key assumptions used in the value in use calculations by: (i) comparing the budgeted revenue and gross margin with historical results and other industry specific statistics and (ii) assessing the sensitivity of management's estimates and assumptions used in evaluating whether a reasonably possible change in assumptions could cause the carrying amounts to exceed their recoverable amounts. We also involved our internal valuation experts to assist us in evaluating the methodologies used and certain key assumptions and estimates made.</p> <p>Our audit procedures included: (i) reviewing management's assessment on the recoverability of deferred tax assets based on the Group's projection of future taxable profits within the statutory time limits in the jurisdictions in which the tax losses or deductible temporary differences had arisen by comparing the budgeted revenue and gross margin with historical results and other industry specific statistics and assessing the sensitivity of management's estimates and assumptions used in evaluating whether a reasonably possible change in assumptions could cause a decrease in future taxable profits; and (ii) comparing the Group's projection to its tax planning strategies, tax reconciling adjustments and historical financial information.</p>

## Independent Auditor's Report

### Other Information Included in the Annual Report

The directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of the Directors for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

## Independent Auditor's Report

### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Independent Auditor's Report

### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (continued)

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Wu Ka Lai, Cary.

The above table lists the subsidiaries of the Company which, in the opinion of the directors, principally affected the results for the year or formed a substantial portion of the net assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

## Notes to Financial Statements

31 December 2022

### 2.1 Basis of Preparation

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for investment properties which have been measured at fair value. These financial statements are presented in Hong Kong dollars (“HK\$”) and all values are rounded to the nearest thousand except when otherwise indicated.

As at 31 December 2022, the Group had net current liabilities of HK\$78,269,000. The directors believe that the Group has sufficient cash flows from operations and available banking facilities to meet its liabilities as and when they fall due. Therefore, the consolidated financial statements are prepared on a going concern basis.

#### BASIS OF CONSOLIDATION

The consolidated financial statements include the financial statements of the Company and its subsidiaries (collectively referred to as the “Group”) for the year ended 31 December 2022. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

Generally, there is a presumption that a majority of voting rights results in control. When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group’s voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

## Notes to Financial Statements

31 December 2022

### 2.1 Basis of Preparation (continued)

#### BASIS OF CONSOLIDATION (CONTINUED)

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

### 2.2 Changes in Accounting Policies

The Group has adopted the following revised HKFRSs for the first time for the current year's financial statements.

---

Amendments to HKFRS 3  
Amendments to HKAS 16  
Amendments to HKAS 37  
*Annual Improvements to  
HKFRSs 2018-2020*

---

---

*Reference to the Conceptual Framework  
Property, Plant and Equipment: Proceeds before Intended Use  
Onerous Contracts – Cost of Fulfilling a Contract  
Amendments to HKFRS 1, HKFRS 9, Illustrative Examples  
accompanying HKFRS 16, and HKAS 41*

---

## Notes to Financial Statements

31 December 2022

### 2.2 Changes in Accounting Policies (continued)

The nature and the impact of the revised HKFRSs are described below:

- (a) Amendments to HKFRS 3 replace a reference to the previous *Framework for the Preparation and Presentation of Financial Statements* with a reference to the *Conceptual Framework for Financial Reporting* (the "Conceptual Framework") issued in June 2018 without significantly changing its requirements. The amendments also add to HKFRS 3 an exception to its recognition principle for an entity to refer to the Conceptual Framework to determine what constitutes an asset or a liability. The exception specifies that, for liabilities and contingent liabilities that would be within the scope of HKAS 37 or HK(IFRIC)-Int 21 if they were incurred separately rather than assumed in a business combination, an entity applying HKFRS 3 should refer to HKAS 37 or HK(IFRIC)-Int 21 respectively instead of the Conceptual Framework. Furthermore, the amendments clarify that contingent assets do not qualify for recognition at the acquisition date. The Group has applied the amendments prospectively to business combinations that occurred on or after 1 January 2022. As there were no business combinations during the year, the amendments did not have any impact on the financial position and performance of the Group.
- (b) Amendments to HKAS 16 prohibit an entity from deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling any such items, and the cost of those items as determined by HKAS 2 *Inventories*, in profit or loss. The Group has applied the amendments retrospectively to items of property, plant and equipment made available for use on or after 1 January 2021. Since there was no sale of items produced prior to the property, plant and equipment being available for use, the amendments did not have any impact on the financial position or performance of the Group.
- (c) Amendments to HKAS 37 clarify that for the purpose of assessing whether a contract is onerous under HKAS 37, the cost of fulfilling the contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract include both the incremental costs of fulfilling that contract (e.g., direct labour and materials) and an allocation of other costs that relate directly to fulfilling that contract (e.g., an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract as well as contract management and supervision costs). General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract. The Group has applied the amendments prospectively to contracts for which it has not yet fulfilled all its obligations at 1 January 2022 and no onerous contracts were identified. Therefore, the amendments did not have any impact on the financial position or performance of the Group.
- (d) *Annual Improvements to HKFRSs 2018-2020* sets out amendments to HKFRS 1, HKFRS 9, Illustrative Examples accompanying HKFRS 16, and HKAS 41. Details of the amendment that is applicable to the Group are as follows:
  - HKFRS 9 *Financial Instruments*: clarify the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. The Group has applied the amendment prospectively from 1 January 2022. As there was no modification or exchange of the Group's financial liabilities during the year, the amendment did not have any impact on the financial position or performance of the Group.

## Notes to Financial Statements

31 December 2022

### 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and revised HKFRSs, that have been issued but are not yet effective, in these financial statements.

Amendments to HKFRS 10 and HKAS 28 (2011)	<i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i> <sup>3</sup>
Amendments to HKFRS 16 HKFRS 17	<i>Lease Liability in a Sale and Leaseback</i> <sup>2</sup> <i>Insurance Contracts</i> <sup>1</sup>
Amendments to HKFRS 17	<i>Insurance Contracts</i> <sup>1, 5</sup>
Amendment to HKFRS 17	<i>Initial Application of HKFRS 17 and HKFRS 9 – Comparative Information</i> <sup>6</sup>
Amendments to HKAS 1	<i>Classification of Liabilities as Current or Non-current (the “2020 Amendments”)</i> <sup>2, 4</sup>
Amendments to HKAS 1	<i>Non-current Liabilities with Covenants (the “2022 Amendments”)</i> <sup>2</sup>
Amendments to HKAS 1 and HKFRS Practice Statement 2	<i>Disclosure of Accounting Policies</i> <sup>1</sup>
Amendments to HKAS 8	<i>Definition of Accounting Estimates</i> <sup>1</sup>
Amendments to HKAS 12	<i>Deferred Tax related to Assets and Liabilities arising from a Single Transaction</i> <sup>1</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2023

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2024

<sup>3</sup> No mandatory effective date yet determined but available for adoption

<sup>4</sup> As a consequence of the 2022 Amendments, the effective date of the 2020 Amendments was deferred to annual periods beginning on or after 1 January 2024. In addition, as a consequence of the 2020 Amendments and 2022 Amendments, Hong Kong Interpretation 5 Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause was revised to align the corresponding wording with no change in conclusion

<sup>5</sup> As a consequence of the amendments to HKFRS 17 issued in October 2020, HKFRS 4 was amended to extend the temporary exemption that permits insurers to apply HKAS 39 rather than HKFRS 9 for annual periods beginning before 1 January 2023

<sup>6</sup> An entity that chooses to apply the transition option relating to the classification overlay set out in this amendment shall apply it on initial application of HKFRS 17

Further information about those HKFRSs that are expected to be applicable to the Group is described below.

Amendments to HKFRS 10 and HKAS 28 (2011) address an inconsistency between the requirements in HKFRS 10 and in HKAS 28 (2011) in dealing with the sale or contribution of assets between an investor and its associate or joint venture. The amendments require a full recognition of a gain or loss resulting from a downstream transaction when the sale or contribution of assets between an investor and its associate or joint venture constitutes a business. For a transaction involving assets that do not constitute a business, a gain or loss resulting from the transaction is recognised in the investor’s profit or loss only to the extent of the unrelated investor’s interest in that associate or joint venture. The amendments are to be applied prospectively. The previous mandatory effective date of amendments to HKFRS 10 and HKAS 28 (2011) was removed by the HKICPA in January 2016 and a new mandatory effective date will be determined after the completion of a broader review of accounting for associates and joint ventures. However, the amendments are available for adoption now.

Amendments to HKFRS 16 specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains. The amendments are effective for annual periods beginning on or after 1 January 2024 and shall be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of HKFRS 16 (i.e., 1 January 2019). Earlier application is permitted. The amendments are not expected to have any significant impact on the Group’s financial statements.

## Notes to Financial Statements

31 December 2022

### 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

Amendments to HKAS 1 *Classification of Liabilities as Current or Non-current* clarify the requirements for classifying liabilities as current or non-current, in particular the determination over whether an entity has a right to defer settlement of the liabilities for at least 12 months after the reporting period. Classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement of the liability. The amendments also clarify the situations that are considered a settlement of a liability. In 2022, the HKICPA issued the 2022 Amendments to further clarify that, among covenants of a liability arising from a loan arrangement, only those with which an entity must comply on or before the reporting date affect the classification of that liability as current or non-current. In addition, the 2022 Amendments require additional disclosures by an entity that classifies liabilities arising from loan arrangements as non-current when it has a right to defer settlement of those liabilities that are subject to the entity complying with future covenants within 12 months after the reporting period. The amendments are effective for annual periods beginning on or after 1 January 2024 and shall be applied retrospectively. Earlier application is permitted. An entity that applies the 2020 Amendments early is required to apply simultaneously the 2022 Amendments, and vice versa. The Group is currently assessing the impact of the amendments and whether existing loan agreements may require revision. Based on a preliminary assessment, the amendments are not expected to have any significant impact on the Group's financial statements.

Amendments to HKAS 1 *Disclosure of Accounting Policies* require entities to disclose their material accounting policy information rather than their significant accounting policies. Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. Amendments to HKFRS Practice Statement 2 provide non-mandatory guidance on how to apply the concept of materiality to accounting policy disclosures. Amendments to HKAS 1 are effective for annual periods beginning on or after 1 January 2023 and earlier application is permitted. Since the guidance provided in the amendments to HKFRS Practice Statement 2 is non-mandatory, an effective date for these amendments is not necessary. The Group is currently revisiting the accounting policy disclosures to ensure consistency with the amendments.

Amendments to HKAS 8 clarify the distinction between changes in accounting estimates and changes in accounting policies. Accounting estimates are defined as monetary amounts in financial statements that are subject to measurement uncertainty. The amendments also clarify how entities use measurement techniques and inputs to develop accounting estimates. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Earlier application is permitted. The amendments are not expected to have any significant impact on the Group's financial statements.

Amendments to HKAS 12 narrow the scope of the initial recognition exception in HKAS 12 so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences, such as leases and decommissioning obligations. Therefore, entities are required to recognise a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability for temporary differences arising from these transactions. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and shall be applied to transactions related to leases and decommissioning obligations at the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to the opening balance of retained profits or other component of equity as appropriate at that date. In addition, the amendments shall be applied prospectively to transactions other than leases and decommissioning obligations. Earlier application is permitted.

Upon initial application of these amendments, the Group will recognise deferred tax for all temporary differences related to leases at the beginning of the earliest comparative period presented. The Group is in the process of making an assessment of the impact of amendments to HKAS 12.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies

#### INVESTMENTS IN ASSOCIATES

An associate is an entity in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Group's investments in associates are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses. Adjustments are made to bring into line any dissimilar accounting policies that may exist.

The Group's share of the post-acquisition results and other comprehensive income of associates is included in the consolidated statement of profit or loss and consolidated other comprehensive income, respectively. In addition, when there has been a change recognised directly in the equity of the associate, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associates are eliminated to the extent of the Group's investments in the associates, except where unrealised losses provide evidence of an impairment of the assets transferred. Goodwill arising from the acquisition of associates is included as part of the Group's investments in associates.

If an investment in an associate becomes an investment in a joint venture or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method. In all other cases, upon loss of significant influence over the associate, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant influence and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

#### BUSINESS COMBINATIONS AND GOODWILL

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

The Group determines that it has acquired a business when the acquired set of activities and assets includes an input and a substantive process that together significantly contribute to the ability to create outputs.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts of the acquiree.

If the business combination is achieved in stages, the previously held equity interest is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### BUSINESS COMBINATIONS AND GOODWILL (CONTINUED)

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability is measured at fair value with changes in fair value recognised in profit or loss. Contingent consideration that is classified as equity is not remeasured and subsequent settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill as at 31 December. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Where goodwill has been allocated to a cash-generating unit (or group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on the disposal. Goodwill disposed of in these circumstances is measured based on the relative value of the operation disposed of and the portion of the cash-generating unit retained.

#### FAIR VALUE MEASUREMENT

The Group measures its investment properties at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### FAIR VALUE MEASUREMENT (CONTINUED)

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – based on quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly

Level 3 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

#### IMPAIRMENT OF NON-FINANCIAL ASSETS

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than investment properties, inventories, deferred tax assets and financial assets), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the statement of profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the statement of profit or loss in the period in which it arises.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### RELATED PARTIES

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Group are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  - (iii) the entity and the Group are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
  - (vi) the entity is controlled or jointly controlled by a person identified in (a);
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
  - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### PROPERTY, PLANT AND EQUIPMENT AND DEPRECIATION

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the statement of profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Buildings	Over the shorter of the land lease and 2% – 5%
Leasehold improvements	Over the shorter of the lease terms and 10% – 33 $\frac{1}{3}$ %
Furniture, fixtures and equipment	20% – 33 $\frac{1}{3}$ %
Motor vehicles	20% – 25%

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in the statement of profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Construction in progress represents leasehold improvements under construction, which is stated at cost less any impairment losses, and is not depreciated. Cost comprises the direct costs of purchase, construction and installation during the period of construction or installation. Construction in progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### INVESTMENT PROPERTIES

Investment properties are interests in land and buildings (including the leasehold property held as a right-of-use asset which would otherwise meet the definition of an investment property) held to earn rental income and/or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes; or for sale in the ordinary course of business. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the end of the reporting period.

Gains or losses arising from changes in the fair values of investment properties are included in the statement of profit or loss in the year in which they arise.

Any gains or losses on the retirement or disposal of an investment property are recognised in the statement of profit or loss in the year of the retirement or disposal.

#### INTANGIBLE ASSET (OTHER THAN GOODWILL)

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

#### Trademark

Purchased trademark is stated at cost less any impairment losses and is amortised on the straight-line basis over its estimated useful life of 17 years.

#### LEASES

The Group assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### LEASES (CONTINUED)

##### Group as a lessee (continued)

##### (a) *Right-of-use assets*

Right-of-use assets are recognised at the commencement date of the lease (that is the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Where applicable, the cost of a right-of-use asset also includes an estimate of costs to dismantle and remove the underlying assets or the site on which it is located. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease terms and the estimated useful lives of the assets as follows:

Leasehold land	Over the lease terms
Leasehold properties	Over the lease terms
Equipment	20%

If ownership of the leased asset transfers to the Group by the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

##### (b) *Lease liabilities*

Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for termination of a lease, if the lease term reflects the Group exercising the option to terminate the lease. The variable lease payments that do not depend on an index or a rate are recognised as an expense in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., a change to future lease payments resulting from a change in an index or rate) or a change in assessment of an option to purchase the underlying asset.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### LEASES (CONTINUED)

##### Group as a lessee (continued)

(c) *Short-term leases and lease of low-value assets*

When the Group enters into a lease in respect of a low-value asset, the Group decides whether to capitalise the lease on a lease-by-lease basis. Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

##### Group as a lessor

When the Group acts as a lessor, it classifies at lease inception (or when there is a lease modification) each of its leases as either an operating lease or a finance lease.

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. Rental income is accounted for on a straight-line basis over the lease terms and is included in other income and gains in the statement of profit or loss. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

#### FINANCIAL ASSETS

##### Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financing component, the Group initially measures a financial asset at its fair value plus in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under HKFRS 15 in accordance with the policies set out for "Revenue recognition" below.

In order for a financial asset to be classified and measured at amortised cost, it needs to give rise to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### FINANCIAL ASSETS (CONTINUED)

##### Initial recognition and measurement (continued)

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows. Financial assets which are not held within the aforementioned business models are classified and measured at fair value through profit or loss.

All regular way purchases or sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

##### Subsequent measurement of financial assets at amortised cost

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in the statement of profit or loss when the asset is derecognised, modified or impaired.

#### DERECOGNITION OF FINANCIAL ASSETS

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### IMPAIRMENT OF FINANCIAL ASSETS

The Group recognises an allowance for expected credit losses (“ECLs”) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

##### General approach

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

At each reporting date, the Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information that is available without undue cost or effort, including historical and forward-looking information.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Financial assets at amortised cost are subject to impairment under the general approach and they are classified within the following stages for measurement of ECLs except for trade receivables which apply the simplified approach as detailed below.

- Stage 1 – Financial instruments for which credit risk has not increased significantly since initial recognition and for which the loss allowance is measured at an amount equal to 12-month ECLs
- Stage 2 – Financial instruments for which credit risk has increased significantly since initial recognition but that are not credit-impaired financial assets and for which the loss allowance is measured at an amount equal to lifetime ECLs
- Stage 3 – Financial assets that are credit-impaired at the reporting date (but that are not purchased or originated credit-impaired) and for which the loss allowance is measured at an amount equal to lifetime ECLs

##### Simplified approach

For trade receivables that do not contain a significant financing component or when the Group applies the practical expedient of not adjusting the effect of a significant financing component, the Group applies the simplified approach in calculating ECLs. Under the simplified approach, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### FINANCIAL LIABILITIES

##### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as loans and borrowings, or payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

##### Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

##### Financial liabilities at amortised cost (loans and borrowings)

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in the statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in the statement of profit or loss.

##### Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. A financial guarantee contract is recognised initially as a liability at its fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, the Group measures the financial guarantee contracts at the higher of: (i) the ECL allowance determined in accordance with the policy as set out in "Impairment of financial assets"; and (ii) the amount initially recognised less, when appropriate, the cumulative amount of income recognised.

#### DERECOGNITION OF FINANCIAL LIABILITIES

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the statement of profit or loss.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### OFFSETTING OF FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### TREASURY SHARES

Own equity instruments which are reacquired and held by the Company or the Group (treasury shares) are recognised directly in equity at cost. No gain or loss is recognised in the statement of profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.

#### INVENTORIES

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

#### CASH AND CASH EQUIVALENTS

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, and assets similar in nature to cash, which are not restricted as to use.

#### PROVISIONS

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the statement of profit or loss.

If the Group has a contract that is onerous, the present obligation under the contract is recognised and measured as a provision. However, before a separate provision for an onerous contract is established, the Group recognises any impairment loss that has occurred on assets dedicated to that contract.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### PROVISIONS (CONTINUED)

An onerous contract is a contract under which the unavoidable costs (i.e., the costs that the Group cannot avoid because it has the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it.

#### INCOME TAX

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries and associates, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries and associates, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### INCOME TAX (CONTINUED)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Group has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

#### GOVERNMENT GRANTS

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the costs, for which it is intended to compensate, are expensed. Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to the statement of profit or loss over the expected useful life of the relevant asset by equal annual instalments.

#### REVENUE RECOGNITION

##### Revenue from contracts with customers

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for these goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Group will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### REVENUE RECOGNITION (CONTINUED)

##### Revenue from contracts with customers (continued)

(i) *Restaurant and bakery operations*

Revenue from restaurant and bakery operations is recognised at the point in time when control of the goods and services are transferred to the customer, being at the point the customer purchases the goods or when the food catering services are completed at the restaurants and bakery shops.

The Group's loyalty programme allows customers to accumulate points that can be redeemed for products. The loyalty points give rise to a separate performance obligation as they provide a material right to the customer. A portion of the transaction price is allocated to the loyalty points awarded to customers based on relative stand-alone selling price and recognised as a contract liability until the points are redeemed. Revenue is recognised upon redemption of products by the customer.

When estimating the stand-alone selling price of the loyalty points, the Group considers the likelihood that the customer will redeem the points. The Group updates its estimates of the points that will be redeemed and any adjustments to the contract liability balance are charged against revenue.

(ii) *Sale of food and other items and poultry farm operations*

Revenue from sale of food and other items and poultry farm operations is recognised at the point in time when control of the asset is transferred to the customer, generally being at the point the customer purchases the goods at shops or upon delivery of the goods.

Some contracts for the sale of food and other items provide customers with volume rebates. Retrospective volume rebates may be provided to certain customers once the quantity of products purchased during the period exceeds a threshold specified in the contract. Rebates are offset against the amounts payable by the customer. To estimate the variable consideration for the expected future rebates, the most likely amount method is used for contracts with a single-volume threshold and the expected value method for contracts with more than one volume threshold. The selected method that best predicts the amount of variable consideration is primarily driven by the number of volume thresholds contained in the contract.

##### Other income

Rental income is recognised on a time proportion basis over the lease terms. Variable lease payments that do not depend on an index or a rate are recognised as income in the accounting period in which they are incurred.

Interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.

Sponsorship income is recognised when there is reasonable assurance that the sponsorship income will be received and all attaching conditions will be complied with. Where the sponsorship income relates to an asset, the fair value is credited to a deferred income account and is released to the statement of profit or loss over the expected useful life of the relevant asset by equal annual instalments.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### REVENUE RECOGNITION (CONTINUED)

##### Other income (continued)

Government grants are recognised where there is reasonable assurance that the grant will be received and all attaching condition will be complied with, as further explained in the accounting policies for “Government grants” above.

#### CONTRACT LIABILITIES

A contract liability is recognised when a payment is received or a payment is due (whichever is earlier) from a customer before the Group transfers the related goods or services. Contract liabilities are recognised as revenue when the Group performs under the contract (i.e., transfers control of the related goods or services to the customer).

#### SHARE-BASED PAYMENTS

The Company operates share option schemes for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group’s operations. Employees (including directors) of the Group receive remuneration in the form of share-based payments, whereby employees render services in exchange for equity instruments (“equity-settled transactions”).

The cost of equity-settled transactions with employees for grants after 7 November 2002 is measured by reference to the fair value at the date at which they are granted. The fair value is determined by an external valuer using a binomial model to the financial statements.

The cost of equity-settled transactions is recognised in employee benefit expense, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at the end of each reporting period until the vesting date reflects the extent to which the vesting period has expired and the Group’s best estimate of the number of equity instruments that will ultimately vest. The charge or credit to the statement of profit or loss for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group’s best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

For awards that do not ultimately vest because non-market performance and/or service conditions have not been met, no expense is recognised. Where awards include a market or non-vesting condition, the transactions are treated as vesting irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### SHARE-BASED PAYMENTS (CONTINUED)

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

#### OTHER EMPLOYEE BENEFITS

##### Retirement benefit schemes

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the "MPF Scheme") under the Hong Kong Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees' basic salaries and are charged to the statement of profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group's subsidiaries which operate in Mainland China are required to participate in a central pension scheme operated by local municipal government. These subsidiaries are required to contribute a certain percentage of their payroll costs to the central pension scheme. The contributions are charged to the statement of profit or loss as they become payable in accordance with the rules of the central pension scheme.

#### DIVIDENDS

Final dividends are recognised as a liability when they are approved by the shareholders in a general meeting. Proposed final dividends are disclosed in the notes to the financial statements.

Interim dividends are simultaneously proposed and declared, because the Company's memorandum and articles of association grant the directors the authority to declare interim dividends. Consequently, interim dividends are recognised immediately as a liability when they are proposed and declared.

## Notes to Financial Statements

31 December 2022

### 2.4 Summary of Significant Accounting Policies (continued)

#### FOREIGN CURRENCIES

These financial statements are presented in Hong Kong dollars, which is the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss, respectively).

In determining the exchange rate on initial recognition of the related asset, expense or income on the derecognition of a non-monetary asset or non-monetary liability relating to an advance consideration, the date of initial transaction is the date on which the Group initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, the Group determines the transaction date for each payment or receipt of the advance consideration.

The functional currencies of certain overseas subsidiaries and associates are currencies other than the Hong Kong dollar. As at the end of the reporting period, the assets and liabilities of these entities are translated into Hong Kong dollars at the exchange rates prevailing at the end of the reporting period and their statements of profit or loss are translated into Hong Kong dollars at exchange rates that approximates to those prevailing at the dates of the transactions.

The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in the statement of profit or loss.

Any goodwill arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on acquisition are treated as assets and liabilities of the foreign operation and translated at the closing rate.

For the purpose of the consolidated statement of cash flows, the cash flows of overseas subsidiaries are translated into Hong Kong dollars at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into Hong Kong dollars at the weighted average exchange rates for the year.

## Notes to Financial Statements

31 December 2022

### 3. Significant Accounting Judgements and Estimates

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

#### JUDGEMENTS

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements:

##### Income taxes

The Group is subject to income taxes in different jurisdictions. Significant judgement is involved in determining the provision for income taxes. Determining income tax provisions involves judgement on the future tax treatment of certain transactions and interpretation of tax rules. The Group carefully evaluates tax implications of transactions and tax provisions are set up accordingly. The tax treatment of such transactions is reconsidered periodically to take into account all changes in tax legislation, interpretations and practices in respect thereof.

There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

## Notes to Financial Statements

31 December 2022

### 3. Significant Accounting Judgements and Estimates (continued)

#### ESTIMATION UNCERTAINTY

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

#### Useful lives and residual values of items of property, plant and equipment

In determining the useful lives and residual values of items of property, plant and equipment, the Group has to consider various factors, such as technical or commercial obsolescence arising from changes or improvements in the provision of services, or from a change in the market demand for the product or service output of an asset, the expected usage of the asset, the expected physical wear and tear, the care and maintenance of the asset, and legal or similar limits on the use of the asset. The estimation of the useful life of the asset is based on the experience of the Group with similar assets that are used in a similar way. Adjustment of depreciation is made if the estimated useful lives and/or the residual values of items of property, plant and equipment are different from previous estimation. Useful lives and residual values are reviewed at the end of each reporting period, based on changes in circumstances.

#### Impairment of property, plant and equipment and right-of-use assets

The Group assesses whether there are any indicators of impairment for its property, plant and equipment and right-of-use assets at the end of each reporting period. An impairment exists when the carrying value of an asset or a cash-generating unit exceeds its recoverable amount, which is determined based on its value in use. In assessing value in use, management must estimate the expected future cash flows from the asset or cash-generating unit based on key assumptions, such as budgeted revenue and gross margin, and choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amounts of property, plant and equipment and right-of-use assets at 31 December 2022 were HK\$792,835,000 (2021: HK\$924,202,000) and HK\$599,930,000 (2021: HK\$689,441,000). Further details are given in note 13 and note 14, respectively, to the financial statements.

#### Impairment of goodwill

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the value in use of the cash-generating units to which the goodwill is allocated. Estimating the value in use requires the Group to make an estimate of the expected future cash flows from the cash-generating units and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amounts of goodwill are disclosed in note 16 to the financial statements.

#### Impairment of non-financial assets (other than goodwill, property, plant and equipment and right-of-use assets)

The Group assesses whether there are any indicators of impairment for all non-financial assets at the end of each reporting period. Non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. An impairment exists when the carrying value of an asset or a cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The calculation of the fair value less costs of disposal is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing of the asset. When value in use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash-generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

## Notes to Financial Statements

31 December 2022

### 3. Significant Accounting Judgements and Estimates (continued)

#### ESTIMATION UNCERTAINTY (CONTINUED)

##### Deferred tax assets

Deferred tax assets are recognised for deductible temporary differences and unused tax losses to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits estimated using key assumptions such as budgeted revenue and gross margin together with future tax planning strategies. The carrying amounts of deferred tax assets are disclosed in note 19 to the financial statements.

##### Leases – Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in a lease, and therefore, it uses an incremental borrowing rate (“IBR”) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group “would have to pay”, which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when it needs to be adjusted to reflect the terms and conditions of the lease (for example, when leases are not in the subsidiary’s functional currency). The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates (such as the subsidiary’s stand-alone credit rating).

##### Estimation of fair value of investment properties

Investment properties are stated at their fair values. The fair value at the end of the reporting period was based on a valuation on these investment properties conducted by an independent firm of professionally qualified valuers using property valuation techniques which involve making assumptions on certain market conditions. Favourable or unfavourable changes to these assumptions would result in changes in the fair value of the Group’s investment properties and the corresponding adjustments to the gain or loss recognised in the statement of profit or loss. The carrying amounts of investment properties are disclosed in note 15 to the financial statements.

##### Provision for expected credit losses (“ECLs”) on trade and other receivables

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by customer type).

The provision matrix is initially based on the Group’s historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., gross domestic products) are expected to deteriorate over the next year which can lead to an increased number of defaults, the historical default rates are adjusted. At each reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation among historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and forecast economic conditions. The Group’s historical credit loss experience and forecast of economic conditions may also not be representative of customer’s actual default in the future. The carrying amounts of trade receivables and other receivables are disclosed in note 21 and note 22, respectively, to the financial statements.

## Notes to Financial Statements

31 December 2022

### 4. Operating Segment Information

The Group is principally engaged in the provision of food catering services through a chain of restaurants and bakery shops. Information reported to the Group's chief operating decision maker (i.e., the chief executive officer) for the purpose of resource allocation and performance assessment focuses on the operating results of the Group as a whole as the Group's resources are integrated and no discrete operating segment financial information is available. Accordingly, no operating segment information is presented.

#### GEOGRAPHICAL INFORMATION

The following tables present revenue from external customers by geographic markets for the years ended 31 December 2022 and 2021, and certain non-current asset information as at 31 December 2022 and 2021, by geographic area.

##### (a) Revenue from external customers

	2022 HK\$'000	2021 HK\$'000
Hong Kong	1,307,605	1,492,851
Mainland China	1,094,244	1,343,247
	<b>2,401,849</b>	<b>2,836,098</b>

The revenue information above is based on the locations of the customers.

##### (b) Non-current assets

	2022 HK\$'000	2021 HK\$'000
Hong Kong	610,862	626,656
Mainland China	874,520	1,090,070
	<b>1,485,382</b>	<b>1,716,726</b>

The non-current asset information above is based on the locations of assets and excludes financial assets and deferred tax assets.

#### INFORMATION ABOUT MAJOR CUSTOMERS

No further information about any major customers is presented as no more than 10% of the Group's revenue was derived from sales to any single customer during the year (2021: Nil).

### 5. Revenue, Other Income and Gains, Net

An analysis of revenue is as follows:

	2022 HK\$'000	2021 HK\$'000
Restaurant and bakery operations	2,011,308	2,476,295
Sale of food and other items	238,777	233,481
Poultry farm operations	151,764	126,322
	<b>2,401,849</b>	<b>2,836,098</b>

## Notes to Financial Statements

31 December 2022

### 5. Revenue, Other Income and Gains, Net (continued)

#### REVENUE FROM CONTRACTS WITH CUSTOMERS

##### (i) Disaggregated revenue information

	2022 HK\$'000	2021 HK\$'000
<b>Geographical markets</b>		
Hong Kong	1,307,605	1,492,851
Mainland China	1,094,244	1,343,247
Total revenue from contracts with customers	2,401,849	2,836,098
<b>Timing of revenue recognition</b>		
At a point in time	2,401,849	2,836,098

The following table shows the amounts of revenue recognised in the current reporting period that were included in the contract liabilities at the beginning of the reporting period:

	2022 HK\$'000	2021 HK\$'000
Revenue recognised that was included in contract liabilities at the beginning of the reporting period:		
Restaurant and bakery operations	60,336	50,616
Sale of food and other items	1,379	1,543
Poultry farm operations	826	1,176
	62,541	53,335

##### (ii) Performance obligations

Information about the Group's performance obligations is summarised below:

###### *Restaurant and bakery operations*

The performance obligation is satisfied when the customer obtains control of the promised goods or services being at the point the customer purchases the goods or when food catering services are completed at the restaurants and bakery shops. Payment of the transaction price is due immediately at the point the customer purchases the goods or when food catering services are completed.

###### *Sale of food and other items and poultry farm operations*

The performance obligation is satisfied when the customer obtains control of the promised goods, being at the point the customer purchases the goods at shops or upon delivery of the goods. Payment of the transaction price is generally due at the point the customer purchases the goods at shops or within 30 to 90 days from delivery. Some contracts provide customers with volume rebates which give rise to variable consideration subject to constraint.

The Group has applied the practical expedient under HKFRS 15 and does not include information about revenue that the Group will be entitled to when it satisfied the remaining performance obligations for contracts with an original expected duration of one year or less.

## Notes to Financial Statements

31 December 2022

### 5. Revenue, Other Income and Gains, Net (continued)

An analysis of other income and gains, net is as follows:

	2022	2021
	HK\$'000	HK\$'000
Bank interest income	7,998	9,665
Government grants*	84,721	32,371
Gross rental income	464	505
Sponsorship income	1,267	1,479
Gain on disposal of items of property, plant and equipment, net	–	1
Gain on termination of leases	19,331	6,990
Foreign exchange differences, net	–	1,227
Others	23,514	13,612
	<b>137,295</b>	65,850

\* Government grants mainly included subsidies granted by The Government of the Hong Kong Special Administrative Region under the anti-epidemic fund and various government grants received by certain subsidiaries in connection with setting up or closure of certain facilities at a poultry farm and a logistics centre. Certain grants are credited to a deferred income account and are released to the statement of profit or loss over the useful lives of the relevant facilities. There are no unfulfilled conditions or other contingencies attaching to the government grants recognised.

### 6. Finance Costs

An analysis of finance costs is as follows:

	2022	2021
	HK\$'000	HK\$'000
Interest on bank loans	6,082	3,233
Interest on lease liabilities	20,942	27,470
	<b>27,024</b>	30,703

## Notes to Financial Statements

31 December 2022

### 7. Loss Before Tax

The Group's loss before tax is arrived at after charging/(crediting):

	Notes	2022 HK\$'000	2021 HK\$'000
Cost of inventories sold		<b>904,046</b>	1,011,030
Depreciation of items of property, plant and equipment*	13	<b>159,839</b>	164,402
Depreciation of right-of-use assets*	14(a)	<b>220,816</b>	238,809
Employee benefit expense* (including directors' remuneration (note 8)):			
Salaries and bonuses		<b>707,172</b>	754,987
Retirement benefit scheme contributions (defined contribution schemes)^		<b>56,363</b>	58,721
		<b>763,535</b>	813,708
Lease payments*:			
Lease payments not included in the measurement of lease liabilities	14(c)	<b>8,868</b>	16,020
Covid-19 related rent concessions from lessors	14(c)	<b>(26,147)</b>	(19,681)
		<b>(17,279)</b>	(3,661)
Foreign exchange difference, net#		<b>9,244</b>	(1,227)
Auditors' remuneration		<b>5,859</b>	5,748
Impairment of items of property, plant and equipment#	13	<b>5,380</b>	2,030
Impairment of right-of-use assets#	14(a)	<b>9,232</b>	9,207
(Reversal of impairment)/impairment of trade receivables, net#	21	<b>(1,364)</b>	128
Write-off of items of property, plant and equipment#	13	<b>11,874</b>	2,649
Reversal of unutilised provision#		–	(4,100)
Provision for an onerous contract#		–	1,235

\* The cost of sales for the year ended 31 December 2022 amounting to HK\$2,391,379,000 (2021: HK\$2,613,079,000) included depreciation of items of property, plant and equipment of HK\$152,906,000 (2021: HK\$157,090,000), depreciation of right-of-use assets of HK\$220,519,000 (2021: HK\$238,627,000), employee benefit expense of HK\$721,409,000 (2021: HK\$769,099,000), lease payments not included in the measurement of lease liabilities of HK\$8,868,000 (2021: HK\$16,020,000) and Covid-19 related rent concessions from lessors of HK\$26,147,000 (2021: HK\$19,681,000).

# Included in "Other expenses" in the consolidated statement of profit or loss.

^ There are no forfeited contributions that may be used by the Group as the employer to reduce the existing level of contributions.

	1,020	3,053	4	65	4,142

There was no arrangement under which a director waived or agreed to waive any remuneration during the year (2021: Nil).

The above directors' remuneration only included remuneration during the tenure of each executive director of the Company. There were no other emoluments payable to the executive directors during the year (2021: Nil).

## Notes to Financial Statements

31 December 2022

### 9. Five Highest Paid Employees

The five highest paid employees during the year included one (2021: one) director, details of whose remuneration are set out in note 8 above. Details of the remuneration for the year of the remaining four (2021: four) highest paid employees who are neither a director nor chief executive of the Company are as follows:

	<b>2022</b>	2021
	<b>HK\$'000</b>	HK\$'000
Salaries	<b>3,584</b>	3,915
Discretionary bonuses	<b>2</b>	5
Retirement benefit scheme contributions	<b>72</b>	72
	<b>3,658</b>	3,992

The number of non-director and non-chief executive highest paid employees whose remuneration fell within the following band is as follows:

	<b>Number of employees</b>	
	<b>2022</b>	2021
Nil to HK\$1,000,000	<b>4</b>	3
HK\$1,000,001 to HK\$1,500,000	–	1
HK\$1,500,001 to HK\$2,000,000	–	–
HK\$2,000,001 to HK\$2,500,000	–	–
	<b>4</b>	4

## Notes to Financial Statements

31 December 2022

### 10. INCOME TAX

Hong Kong profits tax has been provided at the rate of 16.5% (2021: 16.5%) on the estimated assessable profits arising in Hong Kong during the year, except for one subsidiary of the Group which is a qualifying entity under the two-tiered profits tax rates regime. The first HK\$2,000,000 (2021: HK\$2,000,000) of assessable profits of this subsidiary are taxed at 8.25% (2021: 8.25%) and the remaining assessable profits are taxed at 16.5% (2021: 16.5%). Taxes on profits assessable elsewhere have been calculated at the rates of tax prevailing in the jurisdictions in which the Group operates.

	2022 HK\$'000	2021 HK\$'000
Current – Hong Kong		
Charge for the year	3,409	3,903
Overprovision in prior years	(114)	(120)
Current – Mainland China	2,292	5,943
Deferred (note 19)	(25,911)	(8,757)
<b>Total tax charge/(credit) for the year</b>	<b>(20,324)</b>	<b>969</b>

Pursuant to the PRC Corporate Income Tax Law and its interpretation rules, the assessable income generated from qualifying agricultural business is eligible for certain tax benefits, including full PRC Corporate Income Tax exemption. Certain PRC subsidiaries of the Group engaged in qualifying agricultural business are entitled to exemption of the PRC Corporate Income Tax.

A reconciliation of the tax expense/(credit) applicable to loss before tax at the Hong Kong statutory tax rate to the tax charge/(credit) at the Group's effective tax rate is as follows:

	2022		2021	
	HK\$'000	%	HK\$'000	%
Loss before tax	(157,343)		(18,105)	
Tax at the Hong Kong statutory tax rate	(25,962)	16.5	(2,987)	16.5
Difference in tax rates applied for specific provinces in Mainland China	(11,014)		3,466	
Effect of withholding tax on 5% or 10% on the distributable profits of the Group's PRC subsidiaries	(1,341)		488	
Adjustments in respect of current tax of previous years	(114)		(120)	
Income not subject to tax	(19,951)		(6,281)	
Expenses not deductible for tax	415		3,948	
Tax losses not recognised	38,465		4,274	
Profits attributable to associates	(417)		(1,385)	
Others	(405)		(434)	
<b>Tax charge/(credit) at the Group's effective rate</b>	<b>(20,324)</b>	<b>12.9</b>	<b>969</b>	<b>(5.3)</b>

The share of tax attributable to associates amounting to approximately HK\$668,000 (2021: HK\$2,407,000) is included in "Share of profits of associates" in the consolidated statement of profit or loss.

## Notes to Financial Statements

31 December 2022

### 11. Dividends

	2022 HK\$'000	2021 HK\$'000
Dividends recognised as distribution during the year:		
2020 final dividend – HK3.00 cents per ordinary share	–	30,490
2021 interim dividend – HK3.00 cents per ordinary share	–	30,490
2021 final dividend – HK3.00 cents per ordinary share	<b>30,430</b>	–
2022 interim dividend – HK3.00 cents per ordinary share	<b>30,430</b>	–
	<b>60,860</b>	60,980

	2022 HK\$'000	2021 HK\$'000
Dividends proposed after the end of the reporting period:		
2021 final dividend – HK3.00 cents per ordinary share	–	30,430
2022 final dividend – HK3.00 cents per ordinary share	<b>30,430</b>	–
	<b>30,430</b>	30,430

The proposed final dividend for the year is subject to the approval of the Company's shareholders at the forthcoming annual general meeting.

## Notes to Financial Statements

31 December 2022

### 12. Loss Per Share Attributable to Ordinary Equity Holders of the Parent

The calculation of the basic loss per share amount is based on the loss for the year attributable to ordinary equity holders of the parent, and the weighted average number of ordinary shares of 1,014,348,000 (2021: 1,016,433,082) in issue during the year.

No adjustment has been made to the basic loss per share amount in respect of a dilution as the impact of share options outstanding had no dilutive effect on the basic loss per share.

The calculation of basic and diluted loss per share is based on:

	2022 HK\$'000	2021 HK\$'000
<b>Loss</b>		
Loss attributable to ordinary equity holders of the parent, used in the basic and diluted loss per share calculation	<b>(143,138)</b>	(21,232)
	Number of shares 2022	2021
<b>Shares</b>		
Weighted average number of ordinary shares in issue during the year used in the basic and diluted loss per share calculation	<b>1,014,348,000</b>	1,016,433,082

## Notes to Financial Statements

31 December 2022

### 13. Property, Plant and Equipment (continued)

As at 31 December 2022, buildings and leasehold land included in right-of-use assets (note 14(a)) with a net carrying amount of approximately HK\$29,085,000 (2021: HK\$30,200,000) and HK\$46,886,000 (2021: HK\$47,676,000) situated in Hong Kong were pledged to secure the banking facilities granted to the Group (note 26).

#### IMPAIRMENT OF PROPERTY, PLANT AND EQUIPMENT AND RIGHT-OF-USE ASSETS

As at 31 December 2022, the Group's management identified certain restaurants and shops which continued to underperform and estimated the corresponding recoverable amounts of their property, plant and equipment and right-of-use assets. Based on these estimates, impairment loss of HK\$5,380,000 (2021: HK\$2,030,000) and HK\$9,232,000 (2021: HK\$9,207,000) were recognised to write down the carrying amounts of these items of property, plant and equipment and right-of-use assets to their recoverable amounts of HK\$20,767,000 (2021: HK\$5,175,000) and HK\$33,446,000 (2021: HK\$27,646,000), respectively, as at 31 December 2022. The estimates of the recoverable amount were based on the value in use of these property, plant and equipment and right-of-use assets, determined using discount rates in the range of 17.3% to 19.8% (2021: 15.6% to 20.0%).

### 14. Leases

#### THE GROUP AS A LESSEE

The Group has lease contracts for certain of its office premises, restaurants and bakery properties and equipment used in its operations. Lump sum payments were made upfront to acquire the leased land from the owners with lease periods of 30 to 99 years, and no ongoing payments will be made under the terms of these land leases. Leases for leased properties and equipment are for a period of 1 year to 20 years and 5 years, respectively. Generally, the Group is restricted from assigning and subleasing the leased assets outside the Group.

## Notes to Financial Statements

### 14. Leases (continued)

#### THE GROUP AS A LESSEE (CONTINUED)

##### (b) Lease liabilities

The carrying amounts of lease liabilities and the movements during the year are as follows:

	2022 HK\$'000	2021 HK\$'000
Carrying amount at 1 January	640,197	733,931
New leases	203,318	165,463
Termination of leases	(45,424)	(11,626)
Accretion of interest recognised during the year	20,942	27,470
Covid-19-related rent concessions from lessors	(26,147)	(19,681)
Payments	(222,352)	(272,180)
Exchange realignment	(40,618)	16,820
Carrying amount at 31 December	<b>529,916</b>	640,197
Analysed into:		
Current	<b>190,438</b>	200,870
Non-current	<b>339,478</b>	439,327
Carrying amount at 31 December	<b>529,916</b>	640,197

The maturity analysis of lease liabilities is as follows:

	2022 HK\$000	2021 HK\$000
Within one year	<b>190,438</b>	200,870
In the second year	<b>135,142</b>	140,607
In the third to fifth years, inclusive	<b>122,771</b>	180,791
Beyond five years	<b>81,565</b>	117,929
	<b>529,916</b>	640,197

## Notes to Financial Statements

31 December 2022

### 14. Leases (continued)

#### THE GROUP AS A LESSEE (CONTINUED)

(c) The amounts recognised in profit or loss in relation to leases are as follows:

	2022 HK\$'000	2021 HK\$'000
Interest on lease liabilities	20,942	27,470
Depreciation charge of right-of-use assets	220,816	238,809
Lease payments relating to short-term leases (included in cost of sales)	1,634	7,504
Variable lease payments not included in the measurement of lease liabilities (included in cost of sales)	7,234	8,516
Covid-19-related rent concessions from lessors	(26,147)	(19,681)
Impairment of right-of-use assets	9,232	9,207
Gain on termination lease	(19,331)	(6,990)
<b>Total amount recognised in profit or loss</b>	<b>214,380</b>	<b>264,835</b>

(d) The total cash outflow for leases is disclosed in note 30(c) to the financial statements.

#### THE GROUP AS A LESSOR

The Group leases certain of its investment properties (note 15) in Hong Kong under operating lease arrangements. The terms of the leases generally require the tenants to pay security deposits and provide for periodic rent adjustments according to the then prevailing market conditions. Rental income recognised by the Group during the year was HK\$464,000 (2021: HK\$505,000), details of which are included in note 5 to the financial statements.

At 31 December 2022, undiscounted lease payments receivable by the Group in future periods under non-cancellable operating leases with its tenants are as follows:

	2022 HK\$'000	2021 HK\$'000
Within one year	38	42

### 15. Investment Properties

	2022 HK\$'000	2021 HK\$'000
Carrying amount at 31 December	25,100	25,100

## Notes to Financial Statements

31 December 2022

### 15. Investment Properties (continued)

The Group's investment properties consist of eleven (2021: eleven) car parking spaces in Hong Kong. The directors of the Company had determined that the investment properties consist of one (2021: one) class of asset, i.e., car parking spaces, based on the nature, characteristics and risks of each property. The Group's investment properties were revalued on 31 December 2022 based on valuations performed by Colliers International (Hong Kong) Limited, an independent professionally qualified valuer, at HK\$25,100,000. Each year, the Group appoints an external valuer to be responsible for the external valuations of the Group's properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The Group has discussions with the valuer on the valuation assumptions and valuation results once a year when the valuation is performed for annual financial reporting.

The investment properties are leased to third parties under operating lease arrangements, further summary details of which are included in note 14 to the financial statements.

At 31 December 2022, the Group's investment properties with a total carrying amount of HK\$20,500,000 (2021: HK\$20,500,000) were pledged to secure the banking facilities granted to the Group (note 26).

#### FAIR VALUE HIERARCHY

All investment properties were classified under Level 3 in the fair value hierarchy. During the year, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3 (2021: Nil).

Details of fair value hierarchy are set out in note 2.4 to the financial statements.

Reconciliation of fair value measurements categorised within Level 3 of the fair value hierarchy:

	<b>Car parking spaces</b> HK\$'000
At 1 January 2021, 31 December 2021, 1 January 2022 and 31 December 2022	<b>25,100</b>

Below is a summary of the valuation technique used and the key inputs to the valuation of investment properties:

	Valuation technique	Significant unobservable inputs	Value	
			2022	2021
Car parking spaces	Income capitalisation approach	Estimated rental value (per car parking space per month)	<b>HK\$5,000</b>	HK\$5,000
		Capitalisation rate	<b>2.60%</b>	2.60%

## Notes to Financial Statements

31 December 2022

### 15. Investment Properties (continued)

#### FAIR VALUE HIERARCHY (CONTINUED)

A significant increase/decrease in the estimated rental value would result in a significant increase/decrease in the fair value of the investment properties. A significant increase/decrease in the capitalisation rate would result in a significant decrease/increase in the fair value of the investment properties.

### 16. Goodwill

	2022 HK\$'000	2021 HK\$'000
Cost at 1 January	40,153	39,556
Exchange realignment	(1,661)	597
Cost and net carrying amount at 31 December	<b>38,492</b>	40,153

#### IMPAIRMENT TESTING OF GOODWILL

Goodwill acquired through business combinations is allocated to the following cash-generating units for impairment testing:

- Restaurant operations;
- Bakery operations;
- Property investment; and
- Poultry farm operations.

The carrying amount of goodwill allocated to each of the cash-generating units is as follows:

	2022 HK\$'000	2021 HK\$'000
Restaurant operations	16,766	16,766
Bakery operations	7,072	7,072
Property investment	61	61
Poultry farm operations	14,593	16,254
	<b>38,492</b>	40,153

The recoverable amounts of the cash-generating units have been determined based on value in use calculations using cash flow projections based on financial budgets covering a five-year period approved by senior management. The discount rates applied to cash flow projections are in the range of 10.9% to 19.5% (2021: 15.0% to 18.5%), and the cash flows beyond the five-year period are extrapolated using an average growth rate of 2.0% (2021: 2.0%).

Assumptions were used in the value in use calculation of the cash-generating units for the years ended 31 December 2022 and 31 December 2021. The following describes each key assumption on which management has based its cash flow projections to undertake impairment testing of goodwill:

## Notes to Financial Statements

31 December 2022

### 16. Goodwill (continued)

#### IMPAIRMENT TESTING OF GOODWILL (CONTINUED)

Budgeted revenue and gross margins – The basis used to determine the value assigned to the budgeted revenue and gross margins is the average revenue and gross margins achieved in the year immediately before the budget year, adjusted for expected efficiency improvements, and expected market development.

Discount rates – The discount rates used are before tax and reflect specific risks relating to the relevant units.

Growth rates – The growth rates used are with reference to the long term average growth rates for the relevant markets.

Management believes that a reasonably possible change in any of the above key assumptions would not cause the carrying amounts of the CGUs to materially exceed their respective recoverable amounts.

### 17. Other Intangible Asset

	Trademark	
	2022 HK\$'000	2021 HK\$'000
At 1 January and 31 December:		
Cost	1,393	1,393
Accumulated amortisation and impairment	(1,393)	(1,393)
Net carrying amount	–	–

### 18. Investments in Associates

	2022 HK\$'000	2021 HK\$'000
Share of net assets	12,332	13,977
Goodwill on acquisition	122	122
Provision for impairment	(152)	(152)
	12,302	13,947

The Group's other receivable with an associate are disclosed in note 22 to the financial statements.

## Notes to Financial Statements

31 December 2022

### 18. Investments in Associates (continued)

Particulars of the Group's associates are as follows:

Company name	Particulars of issued shares held	Place of incorporation	Percentage of ownership interest attributable to the Group		Principal activities
			2022	2021	
Tin Park Limited	Ordinary shares	Hong Kong	39%	39%	Inactive
World Wider International Limited	Ordinary shares	Hong Kong	39%	39%	Inactive
Tai Cheong Bakery Pte. Limited	Ordinary shares	Singapore	49%	49%	Production and retail of bakery products

The above associates are indirectly held by the Company.

The following table illustrates the aggregate financial information of the Group's associates that are not individually material:

	2022 HK\$'000	2021 HK\$'000
Share of the associates' profits and losses for the year	2,525	8,394
Share of the associates' total comprehensive income	2,525	8,394
Aggregate carrying amount of the Group's investments in associates	12,302	13,947

## Notes to Financial Statements

31 December 2022

### 19. Deferred Tax

The movements in deferred tax assets and liabilities during the year are as follows:

#### DEFERRED TAX ASSETS

	Lease liabilities HK\$'000	Depreciation in excess of related depreciation allowance HK\$'000	Losses available for offsetting against future taxable profits HK\$'000	Total HK\$'000
At 1 January 2021	19,312	22,945	72,168	114,425
Deferred tax credited/(charged) to the statement of profit or loss during the year (note 10)	(1,641)	(2,073)	12,738	9,024
Exchange realignment	712	–	681	1,393
Gross deferred tax assets at 31 December 2021 and 1 January 2022	<b>18,383</b>	<b>20,872</b>	<b>85,587</b>	<b>124,842</b>
Deferred tax credited to the statement of profit or loss during the year (note 10)	<b>2,638</b>	<b>1,577</b>	<b>20,151</b>	<b>24,366</b>
Exchange realignment	<b>(2,016)</b>	<b>–</b>	<b>(2,661)</b>	<b>(4,677)</b>
Gross deferred tax assets at 31 December 2022	<b>19,005</b>	<b>22,449</b>	<b>103,077</b>	<b>144,531</b>

## Notes to Financial Statements

31 December 2022

### 19. Deferred Tax (continued)

#### DEFERRED TAX LIABILITIES

	Depreciation allowance in excess of related depreciation HK\$'000	Withholding taxes HK\$'000	Total HK\$'000
At 1 January 2021	9,799	11,512	21,311
Deferred tax charged/(credited) to the statement of profit or loss during the year (note 10)	(221)	488	267
Gross deferred tax liabilities at 31 December 2021 and 1 January 2022	<b>9,578</b>	<b>12,000</b>	<b>21,578</b>
Deferred tax credited to the statement of profit or loss during the year (note 10)	<b>(204)</b>	<b>(1,341)</b>	<b>(1,545)</b>
Gross deferred tax liabilities at 31 December 2022	<b>9,374</b>	<b>10,659</b>	<b>20,033</b>

For presentation purposes, certain deferred tax assets and liabilities have been offset in the statement of financial position. The following is an analysis of the deferred tax balances of the Group for financial reporting purposes:

	2022 HK\$'000	2021 HK\$'000
Net deferred tax assets recognised in the consolidated statement of financial position	<b>141,441</b>	123,166
Net deferred tax liabilities recognised in the consolidated statement of financial position	<b>(16,943)</b>	(19,902)
	<b>124,498</b>	103,264

Deferred tax assets are recognised for tax losses carried forward to the extent that realisation of the related tax benefits through the future taxable profits is probable. The Group has tax losses arising in Hong Kong of HK\$167,165,000 (2021: HK\$97,997,000), subject to agreement by the Hong Kong Inland Revenue Department that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. The Group also has tax losses arising in Mainland China of HK\$173,188,000 (2021: HK\$43,689,000) that will expire in one to five years for offsetting against future taxable profits. Deferred tax assets have not been recognised in respect of these losses as they have arisen in subsidiaries that have been loss-making for some time and it is not considered probable that future taxable profits will be available against which the tax losses can be utilised.

## Notes to Financial Statements

31 December 2022

### 19. Deferred Tax (continued)

Pursuant to the PRC Corporate Income Tax Law, a 10% withholding tax is levied on dividends declared to foreign investors from the foreign investment enterprises established in Mainland China. The requirement is effective from 1 January 2008 and applies to earnings after 31 December 2007. A lower withholding tax rate may be applied if there is a tax treaty between Mainland China and the jurisdiction of the foreign investors. For the Group, the applicable rate is 5% or 10%. The Group is therefore liable for withholding taxes on dividends distributed by those subsidiaries established in Mainland China in respect of earnings generated from 1 January 2008. Deferred tax has not been fully recognised for withholding taxes that would be payable on certain portions of the unremitted earnings that are subject to withholding taxes of certain of the Group's subsidiaries established in Mainland China. In the opinion of the directors, it is not probable that these subsidiaries will distribute these unremitted earnings in the foreseeable future. The aggregate amount of temporary differences associated with the investments in subsidiaries in Mainland China for which deferred tax liabilities have not been recognised totalled approximately HK\$22,167,000 (2021: HK\$27,997,000) as at 31 December 2022.

There are no income tax consequences attaching to the payment of dividends by the Company to its shareholders.

### 20. Inventories

	2022 HK\$'000	2021 HK\$'000
Food and beverages and other operating items	116,138	142,890
Frozen poultry farm products	6,995	5,246
Raw materials for the production of animal feed	3,225	3,314
	<b>126,358</b>	151,450

### 21. Trade Receivables

	2022 HK\$'000	2021 HK\$'000
Trade receivables	49,091	61,252
Impairment	(2,451)	(3,815)
	<b>46,640</b>	57,437

The Group's trading terms with its customers are mainly on cash and credit card settlement. The Group also grants a credit period between 30 to 90 days to certain customers. The Group seeks to maintain strict control over its outstanding receivables to minimise credit risk. Overdue balances are reviewed regularly by senior management. In view of the aforementioned and the fact that the Group's trade receivables relate to a number of diversified customers, there is no significant concentration of credit risk. The Group does not hold any collateral or other credit enhancements over its trade receivable balances. Trade receivables are non-interest-bearing.

## Notes to Financial Statements

31 December 2022

### 21. Trade Receivables (continued)

An ageing analysis of the trade receivables as at the end of the reporting period, based on the invoice date and net of loss allowance, is as follows:

	2022 HK\$'000	2021 HK\$'000
Within 1 month	34,165	42,466
1 to 3 months	12,195	14,648
Over 3 months	280	323
	<b>46,640</b>	57,437

The movements in the loss allowance for impairment of trade receivables are as follows:

	2022 HK\$'000	2021 HK\$'000
At beginning of year	3,815	3,687
Impairment losses, net (note 7)	<b>(1,364)</b>	128
At end of year	<b>2,451</b>	3,815

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e. by customer type). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

## Notes to Financial Statements

31 December 2022

### 21. Trade Receivables (continued)

Set out below is the information about the credit risk exposure on the Group's trade receivables using a provision matrix:

#### 31 DECEMBER 2022

	Credit impaired receivables	Current	Past due			Total
			Less than 1 month	1 to 3 months	Over 3 months	
Expected credit loss rate	100.0%	0.16%	0.23%	2.78%	81.45%	4.99%
Gross carrying amount (HK\$'000)	1,092	34,218	9,810	2,483	1,488	49,091
Expected credit losses (HK\$'000)	1,092	55	23	69	1,212	2,451

#### 31 DECEMBER 2021

	Credit impaired receivables	Current	Past due			Total
			Less than 1 month	1 to 3 months	Over 3 months	
Expected credit loss rate	100.00%	0.18%	0.32%	2.43%	88.48%	6.23%
Gross carrying amount (HK\$'000)	1,092	42,543	9,176	5,638	2,803	61,252
Expected credit losses (HK\$'000)	1,092	77	29	137	2,480	3,815

### 22. Prepayments, Deposits and Other Receivables

	2022 HK\$'000	2021 HK\$'000
Prepayments	48,238	13,535
Deposits and other receivables	161,073	215,021
	209,311	228,556
Impairment allowance	(2,610)	(2,775)
	206,701	225,781
Analysed into:		
Current	143,338	153,284
Non-current	63,363	72,497
	206,701	225,781

Included in other receivables was an amount due from an associate of HK\$40,000 (2021: HK\$85,000), which was unsecured, interest-free and repayable on demand.

## Notes to Financial Statements

31 December 2022

### 22. Prepayments, Deposits and Other Receivables (continued)

The movement in the loss allowance for impairment of other receivables is as follows:

	2022 HK\$'000	2021 HK\$'000
At beginning of year	2,775	2,702
Exchange realignment	(165)	73
At 31 December	<b>2,610</b>	2,775

As at 31 December 2022, other receivables of HK\$2,610,000 (2021: HK\$2,775,000) are included in stage 3 as credit-impaired receivables. Lifetime ECL of 100% is provided for these receivables.

The remaining financial assets included in the above balances were neither past due nor impaired as at 31 December 2022 and 2021, for which there was no recent history of default. As at 31 December 2022 and 2021, the loss allowance on the remaining financial assets was assessed to be minimal.

### 23. Cash and Cash Equivalents and Pledged Time Deposits

	2022 HK\$'000	2021 HK\$'000
Cash and bank balances	193,311	393,148
Time deposits	73,058	80,766
	<b>266,369</b>	473,914
Less: Pledged deposits for short term bank borrowings	(14,515)	(15,989)
Cash and cash equivalents	<b>251,854</b>	457,925

At the end of the reporting period, cash and bank balances of the Group denominated in RMB amounted to HK\$146,579,000 (2021: HK\$315,537,000). The RMB is not freely convertible into other currencies, however, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short term time deposits are made for varying periods of between one day and twelve months (2021: one day and three months) depending on the immediate cash requirements of the Group, and earn interest at the respective short term time deposit rates. The bank balances and pledged deposits are deposited with creditworthy banks with no recent history of default.

## Notes to Financial Statements

31 December 2022

### 24. Trade Payables

An ageing analysis of the trade payables as at the end of the reporting period, based on the invoice date, is as follows:

	2022 HK\$'000	2021 HK\$'000
Within 1 month	88,589	111,686
1 to 2 months	32,935	6,309
2 to 3 months	446	738
Over 3 months	5,365	5,421
	<b>127,335</b>	124,154

The trade payables are non-interest-bearing and generally with payment terms within 60 days.

### 25. Other Payables and Accruals

	Notes	2022 HK\$'000	2021 HK\$'000
Contract liabilities	(a)	58,718	62,541
Accrued payroll		87,633	99,645
Other payable and accruals		71,041	74,557
Deferred income in respect of government grants and sponsorship income		16,804	10,178
Provision for reinstatement cost	(b)	8,218	7,681
		<b>242,414</b>	254,602
Less: Portion classified as non-current liabilities		<b>(12,374)</b>	(13,069)
Portion classified as current liabilities		<b>230,040</b>	241,533

Notes:

(a) Details of contract liabilities are as follows:

	2022 HK\$'000	2021 HK\$'000
Short-term advances received from customers		
Restaurant and bakery operations	58,498	60,336
Sale of food and other items	220	1,379
Poultry farm operations	-	826
	<b>58,718</b>	62,541

Contract liabilities include short-term advances received to deliver goods and catering services.

## Notes to Financial Statements

31 December 2022

### 25. Other Payables and Accruals (continued)

Notes: (continued)

(b) The movements in the provision of reinstatement cost are as follows:

	2022 HK\$'000	2021 HK\$'000
At 1 January	7,681	9,206
Additional provision made	724	415
Provision utilised	(187)	(1,940)
At 31 December	<b>8,218</b>	7,681

The provision represents management's best estimate of the Group's liabilities of the costs of dismantling and removing the leasehold improvements and restoring the sites on which they are located.

Other payables are non-interest-bearing.

### 26. Interest-Bearing Bank Borrowings

	2022			2021		
	Effective interest rate (%)	Maturity	HK\$'000	Effective interest rate (%)	Maturity	HK\$'000
<b>Current</b>						
- Bank loans, secured	5.0-5.9	2023	77,999	0.8-1.8	2022	96,500
- Current portion of long term bank loans, secured	5.7-6.4	2023	31,834	1.1-1.8	2022	33,333
- Long term bank loans repayable on demand, secured	-	-	-	1.1-1.8	2023	31,834
			<b>109,833</b>			161,667

Notes:

(i) Certain loans of the Group with a carrying amount of HK\$109,833,000 (2021: HK\$161,667,000) contained repayment on demand clauses. As at 31 December 2021, a portions of those loans due for repayment after one year with a carrying amount of HK\$31,834,000 was classified as current liabilities in accordance with Hong Kong Interpretation 5 *Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause*.

Ignoring the effect of any repayment on demand clause and based on the maturity terms of the loans, the interest-bearing bank borrowings are repayable as follows:

	2022 HK\$'000	2021 HK\$'000
Bank loans repayable:		
Within one year	109,833	129,833
In the second year	-	31,834
	<b>109,833</b>	161,667

## Notes to Financial Statements

31 December 2022

### 26. Interest-Bearing Bank Borrowings (continued)

Notes: (continued)

- (ii) All bank loans were denominated in Hong Kong dollars.
- (iii) At the end of the reporting period, the Group's bank loans were secured by:
- mortgages over certain of the Group's leasehold land and buildings situated in Hong Kong, which had an aggregate net carrying value at the end of the reporting period of HK\$75,971,000 (2021: HK\$77,876,000);
  - mortgages over certain of the Group's investment properties situated in Hong Kong, which had an aggregate carrying value at the end of the reporting period of HK\$20,500,000 (2021: HK\$20,500,000); and
  - the pledge of certain of the Group's time deposits amounting to HK\$14,515,000 (2021: HK\$15,989,000).

### 27. Issued Capital

	Company	
	2022 HK\$'000	2021 HK\$'000
Authorised: 23,400,000,000 (2021: 23,400,000,000) ordinary shares of HK\$0.10 each	<b>2,340,000</b>	2,340,000
Issued and fully paid: 1,014,348,000 (2021: 1,016,348,000) ordinary shares of HK\$0.10 each	<b>101,435</b>	101,635

A summary of movements in the Company's issued capital and share premium account is as follows:

	Number of shares in issue	Issued capital HK\$'000	Share premium account HK\$'000	Total HK\$'000
At 1 January 2021	1,016,611,000	101,661	326,624	428,285
Shares cancelled	(263,000)	(26)	(194)	(220)
At 31 December 2021 and 1 January 2022	1,016,348,000	101,635	326,430	428,065
Shares cancelled	(2,000,000)	(200)	(1,579)	(1,779)
At 31 December 2022	<b>1,014,348,000</b>	<b>101,435</b>	<b>324,851</b>	<b>426,286</b>

In January 2022, the Company cancelled 2,000,000 (2021: 263,000) issued share that were repurchased in 2021 at an aggregate consideration of HK\$1,779,000 (2021: HK\$220,000), resulting in a decrease in issued share capital of HK\$200,000 (2021: HK\$26,000) and a decrease in share premium account of HK\$1,579,000 (2021: HK\$194,000).

## Notes to Financial Statements

31 December 2022

### 28. Share Option Schemes

#### SHARE OPTIONS

The Company operated two share option schemes, namely Share Option Scheme and 2017 Share Option Scheme (collectively, the "Schemes") for the purpose of providing incentives and rewards to eligible participants who contributed to the success of the Group's operations and to motivating eligible participants to work towards enhancing the value of the Group for the benefits of the Group and the shareholders as a whole. The Share Option Scheme expired on 8 June 2017 and 2017 Share Option Scheme became effective on 25 May 2017 and unless otherwise forfeited or amended, will remain in force for 10 years from that date.

Eligible participants of the Schemes include the Company's directors, including executive directors, non-executive directors and independent non-executive directors, employees of the Group and any advisors, consultants, distributors, contractors, suppliers, agents, customers, business partners, joint venture business partners, promoters or service providers of any member of the Group who, in the opinion of the board of directors, have contributed or will contribute to the Group.

The maximum number of unexercised share options currently permitted to be granted under the 2017 Share Option Scheme is an amount equivalent, upon their exercise, to 10% of the shares of the Company in issue on the date of adoption of the 2017 Share Option Scheme on 25 May 2017. The maximum number of shares issuable under share options to each eligible participant in the 2017 Share Option Scheme within any 12-month period is limited to 1% of the shares of the Company in issue at any time. Any further grant of share options in excess of this limit is subject to shareholders' approval in advance in a general meeting.

Share options granted under the Schemes to a director, chief executive or substantial shareholder of the Company, or to any of their associates, are subject to approval in advance by the independent non-executive directors of the Company. In addition, any share options granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their associates, in excess of 0.1% of the shares of the Company in issue on the date of such grant or with an aggregate value (based on the closing price of the Company's shares at the date of grant) in excess of HK\$5 million, within any 12-month period, are subject to shareholders' approval in advance in a general meeting.

The offer of a grant of share options under the Schemes may be accepted within 28 days from the date of offer, upon payment of a nominal consideration of HK\$1 in total by the grantee. The exercise period of the share options granted is determinable by the directors, and may commence from the date of the offer of the share options, and ends on a date which is not later than 10 years from the date of the offer of the share options.

## Notes to Financial Statements

31 December 2022

### 28. Share Option Schemes (continued)

#### SHARE OPTION SCHEME

The exercise price of the share options under the Share Option Scheme is HK\$2.08 per share and the share options are exercisable in the following manner:

Vesting period of the relevant percentage of the options	Maximum percentage of options exercisable
From 2 December 2016 to 1 December 2017 (both days inclusive)	50
From 2 December 2016 to 1 December 2018 (both days inclusive)	50

The exercise price of the share options under the Share Option Scheme is determinable by the board of directors, but may not be less than the higher of (i) the Stock Exchange closing price of the Company's shares on the date of offer of the share options; (ii) the average Stock Exchange closing price of the Company's shares for the five trading days immediately preceding the date of offer; and (iii) the nominal value of the Company's shares.

Share options do not confer rights on the holders to dividends or to vote at shareholders' meetings.

Movements in the number of share options granted under the Share Option Scheme were as follows:

	2022		2021	
	Weighted average exercise price HK\$ per share	Number of options '000	Weighted average exercise price HK\$ per share	Number of options '000
At 1 January	2.08	8,880	2.08	10,400
Forfeited during the year	2.08	(910)	2.08	(1,520)
At 31 December	2.08	7,970	2.08	8,880

## Notes to Financial Statements

31 December 2022

### 28. Share Option Schemes (continued)

#### SHARE OPTION SCHEME (CONTINUED)

The exercise price and exercise period of the share options granted under the Share Option Scheme outstanding as at the end of reporting period are as follows:

	Number of options '000	Exercise price HK\$ per share	Exercise period
2022	7,970	2.08	2 December 2017 to 1 December 2026
2021	8,880	2.08	2 December 2017 to 1 December 2026

The forfeited share options with an aggregate carrying amount of approximately HK\$430,000 (2021: approximately HK\$719,000) were transferred from the share option reserve to retained profits during the year.

#### 2017 SHARE OPTION SCHEME

The exercise price of the share options under the 2017 Share Option Scheme is determinable by the board of directors, but may not be less than the highest of (i) the Stock Exchange closing price of the Company's shares on the date of offer of the share options; (ii) the average Stock Exchange closing price of the Company's shares for the five trading days immediately preceding the date of offer; and (iii) the nominal value of the Company's shares.

No share options under the 2017 Share Option Scheme were granted during the year.

The exercise in full of the outstanding share options would, under the present capital structure of the Company, result in the issue of 7,970,000 (2021: 8,880,000) additional ordinary shares of the Company and additional share capital of HK\$797,000 (2021: HK\$888,000) and share premium of HK\$15,781,000 (2021: HK\$17,582,000) (before share issue expenses).

At the date of approval of these financial statements, the Company had no share options outstanding under 2017 Share Option Scheme and 7,970,000 share options outstanding under the Share Option Scheme, which represented approximately 0.8% of the Company's shares in issue as at that date.

## Notes to Financial Statements

31 December 2022

### 29. Reserves

The amounts of the Group's reserves and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity on page 42 of the financial statements.

#### TREASURY SHARES

During the year ended 31 December 2021, the Company repurchased 2,000,000 of its own ordinary shares on the Stock Exchange at an aggregate consideration of HK\$1,779,000 which were then held as treasury shares as at 31 December 2021.

#### CAPITAL RESERVE

The capital reserve represents the waiver of an amount due to a shareholder of the Company of approximately HK\$110,748,000 pursuant to a declaration dated 31 December 2006 and a deed of release dated 12 March 2007.

#### OTHER RESERVE

The other reserve of the Group represents (i) the aggregate of the nominal value of the paid-up capital of the subsidiaries acquired; (ii) the difference between the acquisition of equity interests attributable to these then non-controlling shareholders and the nominal value of the shares of a former holding company and an existing subsidiary of the Group issued in exchange therefor prior to the listing of the Company's shares; and (iii) the differences between the acquisitions of equity interests attributable to these then non-controlling shareholders of subsidiaries and the considerations paid by the Group after the listing of the Company's shares.

### 30. Notes to the Consolidated Statement of Cash Flows

#### (A) MAJOR NON-CASH TRANSACTIONS

During the year, the Group had the following non-cash transactions:

- (i) The Group had non-cash additions to right-of-use assets of HK\$203,318,000 (2021: HK\$165,463,000) and lease liabilities of HK\$203,318,000 (2021: HK\$165,463,000), respectively, in respect of lease arrangements for leased properties.
- (ii) Pursuant to the terms and conditions of certain rental agreements, the Group is required to restore the restaurant and bakery properties to the conditions as stipulated in the rental agreements. Accordingly, as at 31 December 2022, the Group has accrued and capitalised the estimated reinstatement cost of HK\$724,000 (2021: HK\$415,000) when such obligations arose.

## Notes to Financial Statements

31 December 2022

**(C) TOTAL CASH OUTFLOW FOR LEASES**

The total cash outflow for leases included in the statement of cash flows is as follows:

	2022 HK\$'000	2021 HK\$'000
Within operating activities	8,868	16,020
Within financing activities	222,352	272,180
	<b>231,220</b>	288,200

## Notes to Financial Statements

31 December 2022

### 31. Contingent Liabilities

At the end of the reporting period, contingent liabilities not provided for in the financial statements were as follows:

	2022 HK\$'000	2021 HK\$'000
Bank guarantees given in lieu of utility and property rental deposits	33,790	23,668

### 32. Commitments

The Group had the following capital commitments at the end of the reporting period:

	2022 HK\$'000	2021 HK\$'000
Contracted, but not provided for: Leasehold improvements, furniture, fixtures and equipment	2,858	11,806

### 33. Related Party Transactions

(A) In addition to the transactions and balances disclosed elsewhere in these financial statements, the Group had the following transaction with a related party during the year:

	Note	2022 HK\$'000	2021 HK\$'000
Legal fee to a related party	(i)	669	674
Lease payment to a related party	(ii)	6,716	–
Management fee to a related party	(ii)	4,685	–

Note:

- (i) The legal fee to a related party, Howell & Co., a partnership of which Mr. Fong Siu Kwong, a Non-executive Director of the Company is a partner, was charged based on mutually agreed terms.
- (ii) The lease payment and management fee to a related party, Dongguan Tian Yao Property Management Limited, a Company of which Mr. Chung Chun Fung, an executive Director of the Company, is holding 35.15% of the issue shares, was charged based on mutually agreed terms.

(B) The compensation of key management personnel of the Group for each reporting period represented the directors' emoluments as disclosed in note 8 to the financial statements.

The related party transaction mentioned in note (A) above constitutes a continuing connected transaction as defined in Chapter 14A of the Listing Rules.

## Notes to Financial Statements

31 December 2022

### 34. Financial Instruments by Category

The carrying amounts of each of the categories of financial instruments as at the end of the reporting period are as follows:

#### FINANCIAL ASSETS

	2022 HK\$'000	2021 HK\$'000
Financial assets at amortised cost:		
Trade receivables	46,640	57,437
Financial assets included in prepayments, deposits and other receivables	158,463	212,246
Pledged deposits	14,515	15,989
Cash and cash equivalents	251,854	457,925
	<b>471,472</b>	743,597

#### FINANCIAL LIABILITIES

	2022 HK\$'000	2021 HK\$'000
Financial liabilities at amortised cost:		
Trade payables	127,335	124,154
Financial liabilities included in other payables and accruals	71,041	74,557
Interest-bearing bank borrowings	109,833	161,667
Lease liabilities	529,916	640,197
	<b>838,125</b>	1,000,575

## Notes to Financial Statements

31 December 2022

### 35. Fair Value of Financial Instruments

Management has assessed that the fair values of trade receivables, financial assets included in prepayments, deposits and other receivables, pledged deposits, restricted cash, cash and cash equivalents, trade payables, current portion of financial liabilities included in other payables and accruals and interest-bearing bank borrowings approximate to their carrying amounts largely due to the short term maturities of these instruments.

The Group's management is responsible for determining the policies and procedures for the fair value measurement of financial instruments. At each reporting date, management analyses the movements in the values of financial instruments and determines the major inputs applied in the valuation. The valuation is reviewed and approved by management. The valuation process and results are discussed with the audit committee once a year for annual financial reporting.

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

The fair values of rental deposits and interest-bearing bank borrowings have been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturities. The changes in fair value as a result of the Group's own non-performance risk for interest-bearing bank borrowings as at 31 December 2022 were assessed to be insignificant. In the opinion of the directors, their carrying amounts are not significantly different from their respective fair values.

### 36. Financial Risk Management Objectives and Policies

The main risks arising from the Group's financial instruments are interest rate risk, credit risk, foreign currency risk and liquidity risk. The board of directors reviews and agrees policies for managing each of these risks periodically and they are summarised below.

#### INTEREST RATE RISK

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's interest-bearing bank borrowings with floating interest rates. The Group's policy is to obtain the most favourable interest rates available for its borrowings.

For Hong Kong dollar floating-rate borrowings, assuming that the amount of liabilities outstanding at the end of the reporting period was outstanding for the whole year with all other variables held constant, a 50 basis point increase/decrease in interest rates at the end of the reporting periods would have increased/decreased the Group's loss before tax by HK\$549,000 (2021: HK\$808,000).

## Notes to Financial Statements

31 December 2022

### 36. Financial Risk Management Objectives and Policies (continued)

#### CREDIT RISK

The Group's major exposure to credit risk arises from default of trade receivables, with a maximum exposure equal to their carrying amounts in the consolidated statement of financial position. The Group has no significant concentration of credit risk with respect to its restaurant and bakery operations as it has a large number of diversified customers. In addition, receivable balances are monitored on an ongoing basis and the Group's exposure to bad debts is not significant.

#### Maximum exposure and year-end staging

The tables below show the credit quality and the maximum exposure to credit risk based on the Group's credit policy, which is mainly based on past due information unless other information is available without undue cost or effort, and year-end staging classification as at 31 December. The amounts presented are gross carrying amounts for financial assets.

#### As at 31 December 2022

	12-month ECLs		Lifetime ECLs		Total HK\$'000
	Stage 1 HK\$'000	Stage 2 HK\$'000	Stage 3 HK\$'000	Simplified approach HK\$'000

	<b>686,160</b>	<b>–</b>	<b>2,775</b>	<b>61,252</b>	<b>750,187</b>

\* For trade receivables to which the Group applies the simplified approach for impairment, information based on the provision matrix is disclosed in note 21 to the financial statements.

\*\* The credit quality of the financial assets included in prepayments, deposits and other receivables, rental deposits and loan to an associate is considered to be “normal” when they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. Otherwise, the credit quality of the financial assets is considered to be “doubtful”.

#### FOREIGN CURRENCY RISK

The Group operates in Hong Kong and Mainland China and is exposed to foreign exchange risk arising mainly from transactions in RMB. Foreign exchange risk arises from future commercial transactions, recognised assets and liabilities and net investments in operations in Mainland China. The RMB is not a freely convertible currency. Future exchange rates of the RMB could vary significantly from the current or historical exchange rates as a result of controls that could be imposed by the PRC government. The exchange rates may also be affected by domestic and international economic and political changes, and the demand and supply of the RMB. The appreciation or devaluation of the RMB against the Hong Kong dollar may also have an impact on the operating results of the Group.

In addition, the Group's foreign exchange position is monitored on an ongoing basis in order to minimise the impact from the fluctuation of foreign currency rate. The Group currently does not maintain a foreign currency hedging policy. However, management monitors the foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

For RMB denominated monetary assets and liabilities in Hong Kong, with all other variable held constant, a 5% increase/decrease in RMB rate against Hong Kong dollar at the end at the reporting period would have increased/decreased the Group's loss before tax by HK\$3,653,000 (2021: HK\$4,038,000).

## Notes to Financial Statements

31 December 2022

### 36. Financial Risk Management Objectives and Policies (continued)

#### LIQUIDITY RISK

The Group's objective is to ensure that there are adequate funds to meet commitments associated with its financial liabilities and to maintain a balance between continuity of funding and flexibility through the use of bank loans. Cash flows of the Group are closely monitored by senior management on an ongoing basis. In addition, banking facilities have been put in place for contingency purposes.

The maturity profile of the Group's financial liabilities at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

	2022				
	Repayable on demand HK\$'000	Less than 1 year HK\$'000	1 to 5 years HK\$'000	Over 5 years HK\$'000	Total HK\$'000
Trade payables	–	127,335	–	–	127,335
Financial liabilities included in other payables and accruals	–	71,041	–	–	71,041
Interest-bearing bank borrowings (note)	109,833	–	–	–	109,833
Lease liabilities	–	204,026	284,815	89,737	578,578
	<b>109,833</b>	<b>402,402</b>	<b>284,815</b>	<b>89,737</b>	<b>886,787</b>
	2021				
	Repayable on demand HK\$'000	Less than 1 year HK\$'000	1 to 5 years HK\$'000	Over 5 years HK\$'000	Total HK\$'000
Trade payables	–	124,154	–	–	124,154
Financial liabilities included in other payables and accruals	–	74,557	–	–	74,557
Interest-bearing bank borrowings (note)	161,667	–	–	–	161,667
Lease liabilities	–	221,528	361,039	131,366	713,933
	<b>161,667</b>	<b>420,239</b>	<b>361,039</b>	<b>131,366</b>	<b>1,074,311</b>

## Notes to Financial Statements

31 December 2022

### 36. Financial Risk Management Objectives and Policies (continued)

#### LIQUIDITY RISK (CONTINUED)

Note:

Included in the above interest-bearing bank borrowings are term loans with a carrying amount of HK\$109,833,000 (2021: HK\$161,667,000), which loan agreements contain a repayment on demand clause giving the bank the unconditional right to call in the loans at any time. Therefore, for the purpose of the above maturity profile, the total amount is classified as “repayable on demand”.

In accordance with the terms of the loans which contain a repayment on demand clause, the maturity profile of the interest-bearing bank borrowings as at the end of the reporting period, based on the contractual undiscounted payments and ignoring the effect of any repayment on demand clause, is as follows:

	Less than 1 year HK\$'000	1 to 5 years HK\$'000	Total HK\$'000
<b>As at 31 December 2022</b>	<b>111,554</b>	–	<b>111,554</b>
As at 31 December 2021	130,519	32,076	162,595

#### CAPITAL MANAGEMENT

The primary objectives of the Group’s capital management are to safeguard the Group’s ability to continue as a going concern and to maintain healthy capital ratios in order to support its business and maximise shareholders’ value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions and business strategies. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group is required to comply with certain externally imposed capital requirements set out in certain of its banking facility agreements. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 December 2022 and 31 December 2021.

The Group regards the equity attributable to owners of the parent as capital and monitors capital using a gearing ratio, which is total borrowings to total shareholders’ equity. Total borrowings include interest-bearing bank borrowings. Total shareholders’ equity comprises all components of equity attributable to owners of the parent. The Group’s policy is to maintain the gearing ratio at a reasonable level. The gearing ratios as at the end of the reporting periods were as follows:

	2022 HK\$'000	2021 HK\$'000
Total borrowings	<b>109,833</b>	161,667
Total equity attributable to owners of the parent	<b>1,221,555</b>	1,528,626
Gearing ratio	<b>9.0%</b>	10.6%

## Notes to Financial Statements
